BLAZE SWEEPS OVER THOUSANDS OF ACRES ACROSS BORDER LINE

Hundred Forest Fires Reported in Washington, With Nearly 2,000 Fighters—Little Progress Made Against Flames—Several Large Fires Are Out of Control in British Columbia

SEATTLE, July 15 (AP).—A forty-acre forest fire close to Sunset Highway threatened to close that trans-state thoroughfare three miles west of Snoqualmie Pass late today as the latest outbreak in a bitter battle with fire in tinder-dry forests of Western Washington and Oregon.

Forest officials in North Idaho warned conditions there were approaching the critical stage after three day's abnormal heat.

THE LARGEST BLAZE

Largest and most threatening blaze in the entire Pacific Northwest raged through 12,000 to 20,000 acres of logged-off land and into green timber today, fanned by a northeast wind.

Residents of Ryderwood, "world's largest logging camp," many of them undergoing treatment for smoke-inflamed eyes and for minor burns, began evacuating the town, fearful that a shift in the wind would sweep the blaze back over the mile of intervening untouched timberland. One rural home was destroyed.

The Snoqualmie Pass fire broke on the western boundary of a preserve of big trees and apparently

SEND OBSERVER INTO GERMANY

Gathering Information Regarding Would-Be Jewish Emigrants

EVIAN-LES-BAINS, France, July 16 (AP).—The United States sent an official observer into Germany today, at the end of the thirty-two-nation refugee conference, to gather information for a report on the situation of potential refugees in Greater Germany.

George Brandt, who holds the rank of consul in the United States Foreign Service, and who was attached to the American delegation at the conference, left under instructions from the State Department for visits in Berlin, Vienna, Stuttgart and Hamburg.

FROM AMERICAN SOURCES

A spokesman for the American delegation said Brandt's mission would be "to gather information from American sources concerning the number and type of persons who desire to leave Germany under the sponsoring of the permanent refugee organization established by the Evian Conference in London."

He is to report to that body after its members assemble August 3. The conference, which President Roosevelt called, ended ten days of discussions with a session which was marked by two developments.

TWO DEVELOPMENTS

Myron C. Taylor, president and chief United States delegate, emphasized the need for refugees being allowed to leave Germany with their possessions, and announced new hope for finding homes for them had arisen through "confidential statements that certain countries could find room for more emigrants than had been expected."

He did not identify the countries.

Earl Winterton, chief British delegate, announced Palestine would not be opened to mass Jewish immigration.

His Government, he said, considered as "wholly untenable" the idea that the Jewish problem would be solved if "the gates of Palestine were thrown open."

NAVAL ESCORT READY FOR GUARD OF HONOR

AGAIN HUNT A MURDERER

Battered Body of Nelson Woman Found Five Miles From City

NELSON, B.C., July 15 (CP). — Returning from a railroad cut near Taghum, five miles from here, with the battered body of Mrs. E. W. Green, British Columbia Police said they believed they had to solve their second murder case in five weeks.

Staff-Sergeant C. G. Barber, of the Nelson detachment, described Mrs. Green's death as a "brutal murder."

Five weeks ago eighteen-month-old Carmen Lajeunesse disappeared from Ymir, B.C., near here, and when her body was discovered in a stream earlier this week Sergeant Barber said she had "undoubtedly" been murdered.

FOUND NEAR HIGHWAY

Mrs. Green's body was discovered by a railroad crew on the Kettle Valley line, not far from the highway between Nelson and Taghum. Police said the woman, fifty-five-year-old native of Truro, N.S., must have bled profusely from wounds in the head and hands. No traces of blood could be found, however, at the spot where her body was found.

Her head was covered with dried blood and her hair was matted. There was a gash on her throat three or four inches long. Hands were marked by numerous small cuts and between her fingers were deep gashes.

Mrs. Green's knees were bruised as if she had been dragged along the ground and her left ankle was broken. Traces of blood were found a short distance from the railway tracks, suggesting a struggle had taken place there.

Officers said they had learned a Nelson taxi-driver took the woman to Taghum early this morning. He left her there after she assured him

Turn Offices Into Palace For the King

PARIS, July 15 (CP).—The Foreign Ministry announced today it had completed restoration of its historic building on the Quai D'Orsay where King George and Queen Elizabeth will stay during their State visit to France next week.

Nearly 400 men worked for three months to transform the ministry from a jumble of offices to a modern palace to serve for four days as the home of the King and Queen. The work cost 8,000,000 francs (about $225,000).

Japanese Attack Remains Stalled On Yangtze Kiang

Chinese Claim 25,000 Invading Troops Cut Off By Counter-Attack—Kiukiang Remains Unconquered After Two Weeks of Bitter Fighting—Japanese Deny Vessels Sunk

SHANGHAI, July 15 (AP).—Relays of bombing planes and shellfire from navy guns raked the Lion Hill forts today as the Japanese Yangtze River offensive remained stalled below Kiukiang, 135 miles from Hankow, Chinese provisional capital.

Bombing planes ranged up and down both sides of Lake Poyang.

Chinese said 25,000 Japanese troops concentrated at Hukow, at the eastern side of the lake entrance, were cut off by a counter-attack and were being supplied with food and munitions dropped from airplanes.

A Japanese naval spokesman emphatically denied a Chinese summary from Hankow asserting forty-five Japanese war vessels had been sunk or damaged by Chinese bombing planes in the last two weeks. No Japanese warship has been sunk since the beginning of the conflict, he said. He admitted "several ships," mere auxiliaries and requisitioned craft, had been damaged.

Chinese announced their airmen continually were raiding Japanese forces, both military and naval, below Kiukiang, which the Japanese have been unable to conquer in two weeks of bitter fighting.

For three days now the Japanese have made no marked advance, and Chinese insist their drive has been brought to a halt.

TEMPERATURES CONTINUE HIGH

Official Reading Yesterday Gave Victoria Eighty Degrees

Victoria recorded a temperature of 80 degrees yesterday, only 1 degree lower than the thermometer reading for Wednesday, the official weather bulletin issued by the Meteorological Office here at 5 o'clock yesterday afternoon, showed. The lowest for the twenty-four-hour period was 56.

Pressure remains comparatively high on the Northern Coast, but is falling in the South. Fine weather prevails all over the province, and temperatures continue abnormally high in the Interior. Grand Forks, in the Similkameen district, again reported a temperature of 102 degrees. It was 94 at Cranbrook, 96 at Nelson. Kamloops recorded 98 and Nanaimo an even 90.

Atlin was the coolest place on the weather map yesterday, with a high of 56 and a minimum of 36, just 4 degrees above the point of freezing.

The official forecast for today was given as: "Moderate to fresh southwesterly winds; mostly fair, and not quite so warm." Wind yesterday was from the south at six miles an hour, and the sun shone on Victoria for fifteen hours and six minutes.

Pictures of King's Visit to France to Be Flown to Canada

Experimental Plane to Carry Half-Ton of Freight On Flight From Ireland to Montreal on Wednesday, If Weather Permits

SOUTHAMPTON, July 15 (CP).—When the Mercury, upper component of the Mayo composite aircraft, makes her first trans-Atlantic flight next week she will carry half a ton of freight, including newsreels, photographs and newspapers dealing with the visit of the King and Queen to Paris on Tuesday.

News reels and photographs of Their Majesties' state drive in the French capital will be rushed by air to Foynes, the River Shannon air base in Eire, placed in the Mercury's freight hold and unloaded at Montreal and New York.

TO START NEXT WEDNESDAY

The Mercury, weather permitting, will take off on July 20, flying through the night. There is a scheduled halt at Botwood, Newfoundland, en route. The Mercury and the Maia, lower component of the pick-a-back arrangement, will fly separately from Southampton to Foynes on Monday. Flight preparations will be completed on Tuesday.

On the return journey the Mercury will take off under her own power. The scheduled return is by easy stages, with refueling stops at Montreal, Newfoundland, the Azores and Lisbon.

SAYS PARTY LOOKS AHEAD

Herbert Anscomb States Canadians Are Ready for Progressive Leadership

"In my opinion, it was the biggest convention in the political history of any party in Canada, with 1,678 voting delegates. With a progressive programme, platform, and a leader, the National Conservative party is in excellent position to go ahead. The masses of the people have come to the stage where they want action in the development of our country, and also to the realization that they are not getting it," Herbert Anscomb, M.P.P., declared yesterday, on return from Ottawa, where he attended the National Conservative convention.

Among the first of the British Columbia delegates to return from the convention, Mr. Anscomb said he had been impressed by the wholeheartedness and vigor of the proceedings, and delighted with the well-informed and able type of young Conservatives now taking their stand in the ranks of the party, under a national organization of their own.

B.C. RESOLUTIONS

Two outstanding addresses were made at the convention, including the retiring speech of Rt. Hon. R. B. Bennett, a valedictory delivered with great force and effect, and a brilliant oration by Rt. Hon. Arthur Meighen on the subject of Imperial defence, the Victoria provincial member remarked.

F. S. Cunliffe and others of the British Columbia delegation did excellent work in the committee on resolutions, and two resolutions of particular interest to this province were passed unanimously. In one, the convention went on record as supporting tightening of existing agreements in connection with Oriental immigration. In the other, the National Conservative party stressed the need for early completion of the Trans-Canada Highway from coast to coast. Much other business was dealt with during the three-day gathering.

PRAISE FOR LEADER

Referring to Dr. Manion, newly-elected leader of the National Conservative party, Mr. Anscomb said that he had youth on his side, and was an aggressive and able speaker, with a broad vision of the needs of Canada as a whole. Five years

WORLD FLYERS GIVEN ACCLAIM

Ticker Tape Is Showered on Hughes and Companions In New York

NEW YORK, July 15 (AP).—Through delirious, wildly-cheering crowds, Howard Hughes and his four world-girdling companions rode today to the acclaim New York reserves for heroes it has taken to its heart.

It snowed as the triumphant procession moved through packed streets—snowed ticker tape and torn telephone directories and note paper and pamphlets—as they traveled the "celebrity trail" to the City Hall.

SPEECHES AT CITY HALL

From the Battery, through Wall Street's canyons and up Lower Broadway to the City Hall came the five men to stand blinking before lights and the praise heaped upon them by Mayor La Guardia, Grover Whalen, head of New York World's Fair, and Jesse H. Jones, head of the United States Reconstruction Finance Corporation and fellow-Texan of Hughes.

Patient, perspiring spectators pushed their way into the City Council Chamber and stood throughout the ceremonies. They listened politely to the speeches, but they wanted to see these five men who had made the world seem incredibly small by flying around it in three days and nineteen hours.

Hughes spoke shyly and almost inaudibly. His flying companions nodded as he expressed the belief a comaradie of airmen of the world would prove an agency for peace.

CHARGED WITH DOUBLE'S CRIME

Mistaken Identity Brings Man Into Court for Alleged Robberies With Violence

VANCOUVER, July 15 (CP). — A victim of mistaken identity, said by two women to be the perpetrator of two separate robberies with violence, was freed today, his character vindicated. In his place a "double" faced trial for the crimes he was charged with committing.

Robinson, a patrolman for a private protection agency, was identified by the women as the man who held each of them up and robbed them.

Then another man was picked up for investigation and police noted the resemblance between the two. The second man was put in a line-up and this time he was identified by the women as their attacker. He will face the charges in place of Robinson.

DECLARES ECONOMIC SITUATION HOPEFUL BUT WARNS AGAINST CONTINUED SPENDING ON ARMS

Chancellor of British Exchequer Says World Must Find Way to Check Terrifying Expenditure On War Weapons—Troubles Not to Be Solved by the Piling Up of Guns

LONDON, July 15 (CP).—Sir John Simon, Chancellor of the Exchequer, today coupled a hopeful view of the economic situation with a stern warning the world must find a way to halt the "terrifying total of expenditure on armaments."

In the House of Commons debate on the Government's Finance Bill, Sir John defended his huge budget of nearly £1,000,000,000, (about $5,000,000,000) by declaring the world economic status today "has no resemblance to the situation before the depression."

Conditions in the United States and in Great Britain are "vastly better," now, Sir John said.

CONDITIONS VASTLY BETTER

"In the United States," he declared, "there has, of course, been a setback. But, on the balance, undoubtedly things in that great country are vastly better than they were in 1931—and the same thing is true in our own case."

Following debate the House approved the Finance Bill without a record vote.

Great Britain's budget provides for an expenditure of £264,000,000 (about $1,320,000,000) for the fighting services. Regarding arms costs Sir John said:

"If we do not succeed, and the world does not succeed, in finding some way in which we can stop the folly of this everlasting expenditure on armaments, then indeed the future we are preparing

Counter-Offensive Brings Success to Government Army

HENDAYE, France, July 15 (AP).—A violent counter-offensive unleashed by General Jose Miaja's forces in Eastern Spain today, carried the Government banner atop strategic Marcos Mountain, near Tales, thirty-four miles north of Valencia. It was recaptured by the Government militiamen as they fought to dam the rush of insurgent troops toward Valencia, former Government capital.

Urges Wheat Producers to Cut Planting

WASHINGTON, July 15 (AP). — Henry Wallace, United States Secretary of Agriculture, today asked American wheat farmers to cut their 1939 plantings about 32 per cent to prevent greater surpluses from complicating the problems raised by this year's bumper crop.

As an inducement for reducing their seeded acreage from 80,000,000 for 1938 to 55,000,000 for next year, the agriculture department will offer growers benefit payments which may total $125,000,000.

BABY SLAIN AND FATHER SOUGHT

Four Other Persons Badly Beaten in Alberta Farm Home

TWO HILLS, Alberta, July 15 (CP). —A search party headed by three Royal Canadian Mounted Police tonight scoured the dense bush country of this district seventy miles east of Edmonton for Harry Shire, thirty-three, also known as Harry Antoniuk, after his seven-month-old child was found dead in his farm home with four others badly beaten.

Mrs. Shire, wife of the farmer, and Florence Wasalaski, twelve, are in hospital at Vegreville believed to be suffering from fractured skulls. Florence Wasalaski, seven, and James Wasalaski, ten, are also in Vegreville Hospital suffering from head injuries but their condition is not considered serious.

HAD BEEN VISITING

Florence and James Wasalaski, niece and nephew of the Shires, are the children of Mr. and Mrs. Nick Wasalaski, of Minburn, Alta., and had been visiting at the Shire farm.

Police believed the baby was beaten to death some time early today and the others were assaulted at the same time. Those in hospital are suffering mainly from head injuries believed inflicted by blows.

When Shire could not be located police started a search for him. Farmers in the district joined the hunt.

GIVEN ORDER FOR PLANES

Lord Nuffield to Build 1,000 Spitfires for British Government

BIRMINGHAM, July 15 (CP-Havas). — The Government has ordered 1,000 Spitfire combat planes from Lord Nuffield, Great Britain's leading automobile and aviation magnate.

Announcement of the order was made by Sir Kingsley Wood, Air Secretary, today, as he paid warm tribute to Lord Nuffield, who had been at loggerheads with the Air Ministry during the incumbency of Sir Kingsley's predecessor, Viscount Swinton.

Lord Nuffield, known for his generous gifts to charity, science and educational institutions became estranged from Lord Swinton in the Fall of 1936, when he declared the Air Secretary refused his offer to produce an airplane engine for the Government's rearmament programme.

The Spitfire, a low wing all-metal monoplane equipped with a Rolls-Royce 1,060-horsepower motor, is the fastest plane used by the Royal

NEW WESTMINSTER, B.C., July 15 (CP).—Norman J. BOMB FALLS IN MARKET PLACE

Twelve Arabs Are Killed and Over Score Wounded in Latest Outrage

JERUSALEM, July 15 (AP).—Truckloads of British troops manning machine guns streamed through the twisting streets of ancient Jerusalem tonight to forestall possible new disorders arising from explosion of a bomb in a crowded bazaar.

Twelve Arabs were killed and at least twenty-nine were wounded when the bomb burst among throngs of Arab peasants in David Street market place.

The incident was one of the most serious in the eleven days of Jewish-Arab disorders in the Holy Land.

Casualties since July 5 have totaled at least 372. Of these, twenty-nine Jews and sixty-six Arabs were killed, and 156 Arabs and 101 Jews were wounded.

Police closed all gates of the old city after the market place explosion. Soldiers with fixed bayonets forestalled a threatened riot among Arabs who had come to the city for Friday morning prayers in a nearby mosque.

DOCK UNIONS IN NEW AGREEMENT

Threats of West Coast Shipping Cleared Away by Accord at San Francisco

SAN FRANCISCO, July 15 (AP).—Waterfront employers and Committee for Industrial Organization longshoremen late today reached complete agreement under which the present longshore contract, expiring Sept. 30 in United States West Coast ports, would be re-executed for its remaining life in the name of the C.I.O. International Longshoremen's and Warehousemen's Unions.

At the same time the employers agreed to recognize the I.L.W.U. as the collective bargaining agent for longshoremen in all Pacific Coast ports in negotiations for a new contract to become effective after September 30.

The announcement, climaxing weeks of manoeuvering, ended one threat of troublous times on the waterfronts of the Pacific Coast.

MAGISTRATE HAS NO JURISDICTION

Charge Dropped When Anomalous Situation Is Disclosed in Oak Bay Court

An anomalous situation in regard to juvenile delinquency jurisdiction was revealed in the Oak Bay police court yesterday, when Magistrate Henry C. Hall, K.C., announced that he had no power to deal with the case of a youth who appeared before him for sentence on two charges of theft.

Mr. Hall's commission as a judge of the juvenile court relates only to the City of Victoria, and while there is a juvenile court district in Oak Bay, the magistrate has no jurisdiction over juveniles in that municipality, since he has not been appointed a judge of the Oak Bay juvenile court, though he is police magistrate for the district.

From time to time Mr. Hall has been appointed judge of the juvenile courts of the municipalities surrounding the city, to deal with specific cases only, but no permanent appointment has been made.

The youth who appeared before the magistrate yesterday had previously pleaded guilty to the charges on which he was arraigned for sentence, and had already been sentenced in the city police court on a series of theft charges. In the city cases, however, Mr. Hall, on finding that the accused was a juvenile, had exercised his powers under the act and transferred the case to the police court; but in Oak Bay, as police magistrate, he had no jurisdiction over juveniles, and the charges had to be dropped.

BLAZE SWEEPING OVER MANY ACRES

Continued From Page 1

started from a cigarette. State patrolmen and Federal rangers reported.

It was still on land being cleared by Civilian Conservation Corps men for conservation planting, but authorities feared it would spread to the highway and endanger traffic.

SEEN SETTING FIRES

Portland dispatches told of the efforts of 800 fire fighters to control a 2,000-acre blaze on Smith River, and that boys had seen a man with a California-licensed automobile set a string of fires more than a mile near Canyonville.

But Washington State was hardest hit, with 100 fires reported and close to 2,000 men on the firelines.

There were seventy-three fires reported in the Siskiyou Forest in Southern Oregon and Northern California, blamed on two thunderstorms. William Moore, State fire warden, was injured in a fall over a cliff near Grant's Pass.

Humidity was high, although temperatures generally were lower than yesterday.

LIKE FIRECRACKERS

Washington State Forester T. S. Goodyear, reviewing the situation tonight, said some progress was being made against a Toandos Peninsula blaze, but none whatever against the Ryderwood blaze. New fires were breaking out over Western Washington like firecrackers.

Half a dozen Thorndyke Bay farm families faced another night in the comparative security of neighbors' homes or on the beach below their fire-threatened houses tonight, as the 6,000-acre Toandos Peninsula forest fire swept southeastward toward the shore of scenic Hood Canal.

Forecasts of increased humidity and lower temperatures cheered the nearly 1,000 loggers, State foresters and Civilian Conservation Corps men battling Western Washington's blazes, but Goodyear said "things are popping so fast we hardly know what to expect."

SITUATION SERIOUS

VANCOUVER, July 15 (C.P.).—British Columbia Forest Branch officials and fire fighters tonight saw little prospect for immediate relief from an "extremely serious" forest fire situation on Vancouver Island and the Lower Mainland.

Several large fires were running out of control and forestry officials announced it might be necessary to ban people from going into the woods until rain had lessened the fire danger.

This fire was whipped up by a strong wind during the past few days from a blaze which did considerable damage on Bloedel, Stewart & Welch logging operations near Menzies Bay.

RUNNING SOUTHWARD

Tonight it was running southward toward Campbell River and McIvor Lake with more than 400 men and all available equipment pressed into service in an attempt to bring it under control.

District Forester C. J. Haddon said "anything can happen," and added that the forest was "like powder."

"Anything can happen unless rain falls shortly," he said, explaining that the fire menace was the worst he had seen for a number of years.

Two fires were burning in the Howe Sound district north of Vancouver, the largest covering a 400-acre area at Salmon Arm, Sechelt Inlet.

This blaze had spread to scrub timber on high ground after destroying about 2,500,000 feet of cut lumber on the De Long Brothers' logging operations, District Forester Haddon said, and was difficult to fight owing to the rough nature of the country.

The other fire was being held to a fifty-acre area near Garibaldi Station, east of Squamish on the Pacific Great Eastern line. Haddon said a crew of thirty-five men was fighting the outbreak.

In the Fraser Valley a new fire was reported in an old logging operation on the banks of Chilliwack River, seventy-five miles east of Vancouver. No details had been received here tonight.

Chops His Way to Prize

E. Robinson, of Otter Point, is here demonstrating to the large crowd that attended the Sooke Celebration on Wednesday, how it is done in the land of big timbers. Using a double-bitted axe, Mr. Robinson chopped through the tree in time to win him second award in the contest. E. Deuchars, of Sooke, won first place by a few seconds.

FISHPACKER IS COMPLETE LOSS

Zephyr II Burned Off West Coast on Thursday—Crew Safe Ashore

Coles Brothers, fish buyers and packers, Ogden Point, received advices from the West Coast of Vancouver Island yesterday, telling of the burning of the fishpacker Zephyr II on Thursday. Burned to the water's edge, the sixty-four-foot craft became a total loss.

The Zephyr II was on its way to Victoria from Kyuquot with 20,000 pounds of fish for the local plant, and was to pick up another consignment of fish at Bamfield. No details of the burning of the boat are available, except that Captain O. Fyling and his crew managed to get ashore safely.

It is understood the Zephyr II is owned in California and is under charter to H. O. Breeze, Seattle.

MISS ADDISON EXTENDS LEAD

Has Margin of 5,000 Votes For Miss Victoria Contest Honor

Photo by Savannah.
PHYLLIS ADDISON

Phyllis Addison, Blue Line candidate, leads the way into the final week of the "Miss Victoria" contest, with a margin of 5,000 votes over her nearest competitor, Eleanor Moffat, Scottish Societies' candidate, who has displaced Kay White, sponsored by the United Commercial Travelers, from second position on the ladder.

When the weekly progress analysis of the voting was made yesterday, Miss Addison, who was leading by only 400 votes over Miss White last week, was found to have secured another 10,000 votes, bringing her total up to 30,500. The supporters of Miss Moffat sprang a surprise during the week, when they increased her total from 15,700 to 25,500, giving her a lead of 500 this week over Miss White.

Next in order in yesterday's analysis come Jean Wilson, MacDonald Electric Company, with 19,900, Doreen McGregor, sponsored by the Beaux-Arts, with 19,500, and Jean Bishop, United Services candidate, with 12,400.

BELLEVILLE, Ont., July 15 (C.P.).—Found last night after wandering a day and a night in the marsh and woodland south of the village of Shannonville, Robert Doxtater, thirty-three-year-old cripple, died late today of extreme exposure. Shannonville is ten miles east of here.

JOHN DEAN GIVES VIEWS TO COUNCIL

In a letter to the City Council, John Dean predicted there would be a campaign for the retention of street cars and lower light and power rates here.

Mr. Dean pointed out the B.C. Electric Railway Company, Ltd., paid $9,606.34 in taxes to the city; $628.25 to Oak Bay, and $1,935.71 to Saanich, a total of $14,087 in taxes per annum.

He stated it would be a "shocking economic waste" to scrap the street railway tracks, poles, wires and other existing equipment when the franchise expired in December.

RODE TO HIS DEATH

HOLLYWOOD, Fla., July 15 (AP.)—Head down, Herbert Smith, deaf and dumb cobbler, bicycled toward work today. Pedestrians saw him approach a railroad crossing. A passenger train was coming. They shouted and the train's whistle blew frantically. Unhearing, Smith rode into the engine and was killed.

The old building will be demolished immediately, and the new is expected to be ready for occupation in two months. Graham Johnson, Victoria, is the architect and A. McCoubray, Port Alberni, the contractor.

TRAINED BAND TO PLAY HERE

Mark Hart, Director of Bothell Team, Has Had Many Successes

Mark Hart, youthful director of the Bothell High School Drill Band, which will give a concert programme and display of "classical marching" manoeuvres in Royal Athletic Park tonight, has had many successes with bands he has trained in the United States.

His American Falls Band not only took part in the Pasadena Tournament of Roses Parade in 1937, but also was honored by being placed in the first division along with the University of Washington 100-piece band and Victor McLaglen's Light Horse Band. In the Bothell Band he has been even more successful, for this talented combination of young musicians and exponents of lively marching has won every contest in which it has taken part, and recently received a plaque from the Portland Rose Festival as a special award.

MARK HART

With the co-operation of Central Films, Limited, in the matter of lighting effects, a very colorful setting has been arranged for tonight's demonstration, which will commence at 8 o'clock.

Candidates in the "Miss Victoria" contest, or some of their supporters, will provide the first half of the programme, which will consist of the following items: Imperial Male Quartette, United Commercial Travelers, dance, Miss Phyllis Addison; humorous skit, Stanley James, United Services; solo, Thomas Kelway, MacDonald Electric Company; Reel o' Tulloch, Gwen Dewar's pupils, Scottish Societies; recitation, Miss Hope Denbigh, Beaux-Arts.

The concert programme by the visiting band will be of a popular nature, and will include numbers specially dedicated to the six "Miss Victoria" candidates. At the conclusion of the concert, the band will give a demonstration of its unique marching manoeuvres.

WAS PIONEER PIANIST HERE

Highly Esteemed Musician, Miss Selina F. Smith, Dies In Eighty-Fifth Year

One of the oldest professional musicians of the city passed away early yesterday morning in the death, at St. Joseph's Hospital, of Miss Selina Frances Smith, whose home for the past fifty years has been at 104 Dallas Road. She was eighty-four years of age.

Daughter of the late Mr. and Mrs. M. R. Smith, she was born in London, Ontario, in 1854. Accompanying her parents to Victoria, she attended the old Angela College for some years, later returning East to attend Toronto College of Music under the late Dr. Torrington, and from there proceeding to Leipzig, Germany, to complete her musical studies. She there won a gold medal in 1899 following a period of tuition with H. M. Field, musical honors seeming to come easily to her.

ESTABLISHED STUDIO

On her return to Victoria she established a studio, and was also frequently heard on the concert platform, being the most distinguished woman pianist of the city for many years. She also enjoyed an enviable reputation as a teacher, and until two years ago, when failing eyesight interfered with her work, continued very successfully to instruct pupils both in theory and practical music. Her illness was brief, and she had been in hospital just a few days before she died. She was a member of the Victoria branch of the B.C. Music Teachers' Federation.

Her father, M. R. Smith, was one of the pioneer business men of the city, establishing the first biscuit-manufacturing firm in Western Canada, which was carried on by his sons.

Surviving are two brothers, Hamilton Smith and Garrett Smith, living at the old family home on Dallas Road.

The remains are resting in Hayward's B.C. Funeral Chapel where funeral services will be held on Monday at 2:15 p.m., Very Rev. Spencer Hayward Elliott, Dean of Columbia, officiating, and interment will be in the family plot in Ross Bay Cemetery.

AGAIN HUNT A MURDERER

"friends" would meet her later. She was not seen alive after that time, police said.

The Lajeunesse baby was buried at Nelson today, as police continued investigation into her death. No suspects have been arrested.

While search for the child was under way after her disappearance early in June, police found a man's blood-stained handkerchief near Ymir.

Mrs. Green came here from Truro, N.S., in 1910 with her first husband, A. B. Hall, who died four years ago while working on a freight train near Creston, B.C., in the West Kootenay district. She married E. W. Green here three years ago.

NANAIMO, July 15 (C.P.).—Norman Liebeck, employed at Buck & Turner's logging operation at Mount Benson, near here, was injured in an accident at the camp today and brought to Nanaimo Hospital. No details of the accident were available.

Immortal Figure of Service Poem Here On Way Back North

Seventy Years "Young," Sam McGee Is Returning To the Yukon to Lay His Own "Ghost"—Will Fly to Goldfields

The Northern Lights have seen queer sights,
But the queerest they ever did see
Was that night on the marge of Lake Lebarge
I cremated Sam McGee . . .

Though the character was real, Robert W. Service drew largely upon his imagination for the story of the picturesque Yukon miner from Tennessee. Sam was never cremated. He is in Victoria today, on his way back to the Yukon Territory after an absence of fifteen years.

Mr. Service took most of his characters from real life, and if he could see today the man whom he immortalized in the story of Sam McGee, he would find in him material for an even more romantic poem—the poem of a man, "seventy years young," to use his own words, who soon will travel to the interior of the Northern territory, not over the hard trails he knew in his younger days, but by that means of transportation that is revolutionizing the quest for gold, the airplane.

KNEW SERVICE WELL

"Yes, I knew Service very well," Sam stated yesterday, chatting with a reporter in his room in the Empress Hotel. "That poem was published in 1907, but it was written some time before that. He was a teller then for the Canadian Bank of Commerce at Whitehorse, and before that he was at Dawson, where he got most of the material for his poems.

"Look at this," said Sam, producing a copy of The Whitehorse Star of June 3 last, which published this advertisement: "For sale: the famous Sam McGee two-room cabin, unfurnished."

Few who have read Service's poem know that Sam McGee still lives. In front of the cabin he built by his own hands at Whitehorse back in 1900, there is a sign inviting tourists to "Have a cup of tea with the ghost of Sam McGee." But Sam is a very material "ghost," and is looking forward to a great reunion with those of his old friends in the Yukon who still survive. And in case anyone should doubt that he is the original Sam McGee, he carries with him the valedictory address presented when he left the Yukon in 1909.

Even in Victoria, Sam is renewing old friendships, and among those whom he has met again after many years is Charles W. Geiger, who worked with him in the Yukon in 1899. This is the first time he has visited Victoria since 1911.

At the time when he knew Mr. Service, Sam was mining copper in the Yukon, and was very active in that pursuit during the Great War. He was a road builder, too, and constructed many of the Government roads in the territory. In a copy of The Whitehorse Star received since his arrival in Victoria, he was surprised to read his own name in the "Thirty Years Ago" column, which reported his departure from Selkirk to build a road for the Yukon Government from Mason's Landing on the Hootalinqua River to Dansureville.

For the past fifteen years, Sam has been mining and road building in Montana, but the call of the North has grown too strong for him, and next week he will leave for Whitehorse. "I'm having a holiday now," he says, "but I've got to get back to work."

"FLYING PROSPECTOR"

With Sam in Victoria is a no less colorful personality, though of a younger generation—Dick Corless, the "flying prospector," who was the pioneer of gold prospecting by air in the Yukon. Mr. Corless and his son, Tom Corless, who is the pilot, have been operating airplanes from Fort George since 1928, prospecting exclusively by air.

Robert Ormond Case's story, "Wings North," which ran recently in a well-known journal, was written 'round the experiences of the Corlesses, father and son, and from descriptions of flying in the Frozen North supplied by them to the author.

Mr. Corless came here from Whitehorse a few days ago to join Mr. McGee. With other old-timers, they are to be partners in a gold mining venture at the headwaters of the Liard River, near the Pelly Range.

"We will mine an area that couldn't be worked in the old days," Mr. Corless said yesterday. "It used to take three months to walk in, and that left no time to work if the prospectors were to get back before the freeze-up. Now we can do it by plane in an hour and twenty minutes."

Run Down—Tired Out Only Weighed 96 lbs.

Milburn's Health and Nerve Pills are what weak, nervous, run down men and women need to help make them strong and well again.

They are a well balanced tonic for the treatment of those whose nerves are shattered, and for those feelings of faintness, weakness and dizziness caused by an overworked, run down constitution, or whose health is not up to par.

They help to infuse new life and energy into depressed, health shattered men and women who have come to think there is no relief for them.

Mrs. P. Broughton, Fenwick, Ont., writes—"I was so run down and tired out all the time I did not care whether my housework was done or not.

I only weighed 96 pounds, but after taking three boxes of Milburn's Health and Nerve Pills I now weigh 122 pounds, and do my own work for eight in the family.

I only wish I had started taking H. & N. Pills a year ago."

Washington Hears About Fast Motor Built in Sweden

WASHINGTON, July 15 (AP)—Americans heard today Sweden had an aviation motor capable of making 465 miles per hour at altitudes up to 59,000 feet.

The American commercial attache at Stockholm advised the Commercial Department that the new motor was a twelve-cylinder, inverted V model, turning up 1,900 revolutions per minute. It is equipped with special compressors to compensate for low air pressure at high altitudes.

STOLEN RADIO CASE IS HEARD

Harry Stanley Berriman Remanded Until Wednesday For Committal

Charged, on a remand, in the city police court yesterday with possession of a radio set stolen from the automobile of Mrs. Marjorie Drury, Harry Stanley Berriman entered a plea of not guilty, through his counsel, Richard C. Lowe, and elected for a preliminary hearing. He was remanded until Wednesday for committal.

David Scott Barlow, manager of the Fort Street branch of the Royal Bank of Canada, identified a $6 cheque signed by Berriman and endorsed by Hugh McMillan and George B. Crump.

Mrs. Drury identified, in court, the radio set stolen from her automobile on June 28. She stataed it was worth $49.50, and had been painted blue since she saw it last.

DESCRIBES THEFT

Joseph Carlow told of stealing Mrs. Drury's car and taking out the radio set before he abandoned the machine. He told Berriman the set had been smuggled in from the United States, and sold it to him for a $5 bill and the $6 cheque made out to McMillan. Carlow stated he believed the set was a grey color when stolen.

McMillan corroborated Carlow's story concerning theft of the radio set, and receipt of the cheque from Berriman. Mr. Crump, 2201 Chambers Street, admitted cashing the cheque for McMillan.

Detective P. W. Richards told of recovering the radio set in Berriman's apartment at 55 Menzies Street on July 7. The accused admitted purchasing it from Carlow, and was then told it had been stolen, the detective testified.

YOUTHS REMANDED UNTIL NEXT WEEK

Robert Wallace and Frank Dunnegan to Be Sentenced in Car Theft Cases

In the city police court yesterday morning, Robert Wallace was remanded until Tuesday for sentence on a charge of stealing an automobile from Tong Yen.

Magistrate Henry C. Hall commented in remanding the youth:

"The fact remains he was convicted on more than one occasion in the juvenile court. I am prepared to hear argument on his behalf, but have no jurisdiction to suspend sentence."

Frank Dunnegan, convicted of a charge of stealing an automobile from the Begg Motor Company, Ltd., was also remanded until Tuesday for sentence. Magistrate Hall stated he was not in a position to suspend sentence.

SHOWS BRIDGE CONSTRUCTION

Rotarians Enjoy Illustrated Address by T. W. Bradbury On Engineering Task

At the luncheon meeting of the Rotary Club Thursday, Thomas W. Bradbury gave an interesting address on the San Francisco-Oakland Bridge. A builder of long experience, Mr. Bradbury was well qualified to speak on the technical aspect of the great undertaking. He had a generous collection of slides provided by the engineering section of construction which were made during the progress of the work, giving exact information on the construction.

Mr. Bradbury will be asked to continue his address with additional slides at a future meeting.

INTERESTING FACTS

Some interesting information was given by the speaker. The steel used totaled 200,000 tons which required 3,370 cars representing a train thirty-two miles long to transport it. The wire used in the cables represented 80,000 miles and would reach three and a half times around the earth.

The excavations measured 6,038,000 cubic yards and would be similar to a well nine feet square and twenty-five miles deep. There was 200,000 gallons of paint used, which would paint 50,000 houses, and would require a train of twenty-two cars to transport it.

PROTECTING TOLLS

The cash taken for tolls is placed in bomb proof safes and has the additional protection of thirty-nine policemen and forty-four toll collectors, all of whom are peace officers with authority to arrest.

As the slides were exhibited, Mr. Bradbury compared the bridge with others erected in the past. The safe method was adopted in the San Francisco bridge of constructing the cantilever span section by section, leaving only a small space for the final closing.

The views showed the varying methods of construction of the piers upon which work was carried on, said the speaker, night and day until completed.

POLITICAL PATIENCE

Answering critics who believe that Great Britain should interfere, by military action, in the affairs of Europe, that, in this way, she should challenge the aspirations of totalitarian States, Mr. Neville Chamberlain says: "We will fight again if there is no other way of preserving our liberties." He pointed out to his critics of Great Britain's foreign policy that 21,000,000 people died in the Great War, of whom 3,500,000 were British. He believes that it is the supreme duty of statesmanship to avert a similar calamity.

Towards this end Mr. Chamberlain has that "patience" which the late Sir Robert Borden described as the greatest quality in a statesman. The nature of his strength, according to J. L. Garvin, is that "he embodies and incarnates the political qualities of coolness of fibre and self-control which derive from the best traditions of the British people." Mr. Chamberlain's foreign policy is realistic, not altruistic. His accomplishments have been definite ones. He would not permit of Great Britain going to war with Italy, or with Germany over Austria; he has prevented an international struggle because of the civil war in Spain. It will probably be shown by history that it was the attitude of the present British Government which prevented German legions advancing on Czechoslovakia.

There is always a section of every people anxious to interfere with the course of events decreed by other nations. Mr. Chamberlain has refused to bow in any particular to clamor of this kind. He is willing to risk political extinction rather than plunge Great Britain into war, but in the course of his policy he is making Great Britain stronger than it ever was before, and that is why his realistic outlook will be given the ultimate sanction of history. Mr. Lloyd George, in his war memoirs, deplored the fact that in 1914 there was no one in Europe whose voice was powerful enough to stop the drift to war. It appears as if there is such a man now, in Mr. Chamberlain, when the drift to war seems even more pronounced than it was in 1914. He has the patience of statesmanship, and both the British Empire and the world will ultimately accord him the gratitude that is his due.

AN UNCROWNED KING

King Gustaf, of Sweden, is perhaps the only monarch in history who has never been crowned. He succeeded King Oscar II on December 8, 1907, and it was then he announced the determination of not wearing the crown of Sweden. At the inauguration of the Riksdag each year the 400-year-old crown rests on a settee in the Ceremonial Hall of the Royal Palace. Recently the people of Sweden celebrated the King's eightieth birthday with an exhibition of loyalty that shows he is enthroned in the hearts of his people. He has won this place through his simplicity of purpose and his good citizenship, coupled with capability of firm decision whenever necessary. He has bound the Scandinavian countries together as they have never been bound before. It was through his initiative that, in 1914, the Kings of Sweden, Denmark and Norway met at Malmo and framed a common policy of neutrality, which has prevailed ever since. The theme of the 1914 conversations was enunciated by King Gustav when he said: "Taken apart, we are three small nations, but jointly we are a factor to take into account when it comes to protecting and maintaining our liberty and self-determination. Let us join hands as a token of our firm will to work in this spirit for the welfare and happiness of our three nations."

King Gustav started his reign when Socialistic and Republican prejudices were rife in Sweden. He has over-borne the anti-monarchial tendencies. Under his reign universal suffrage and old-age pensions have been introduced in Sweden; workers have been given the right of holidays with pay. It is tribute enough for King Gustav to know that he has himself proved "the best adviser of his advisers," and this has made him widely loved and respected. Physically and mentally he remains alert, despite his eighty years, and still indulges in his favorite pastime of lawn tennis.

DISARMING OF GERMS

The Lancet records what is described as a remarkable success achieved for a new group of drugs in the treatment of pneumonia. The virtues of the "Sulphanilamide Group" were discovered by two medical men at St. Bartholomew's Hospital. There is a case quoted, that of a woman sixty years old suffering from Type III pneumonia, which involves complete collapse of the left lung, and, generally, a desperate condition. Doses of Sulphanilamide derivative were administered, and improvement began. A fortnight after the onset of the attack the patient had recovered a normal pulse and temperature. Bacteriological examinations showed that administration of the Sulphanilamide led to the disappearance of the capsules which normally surround the pneumococci. The preparation, for test purposes, has been used in more than 100 cases.

It appears, therefore, that the medical profession has acquired a new weapon of considerable effectiveness. Puerperal fever, streptococcal meningitis and severe pneumonias need no longer be regarded as desperate. One distinguished bacteriologist says: "It is much too good to be true; we can scarcely allow ourselves to believe it." The Lancet, in discussing the drug group, says "nothing in the astonishing therapeutic achievements of the past three years has carried more conviction than the power of Sulphanilamide to arrest streptococcal meningitis." "Incidentally," says The London Times, "the possibility of disarming bacteria by stripping them of their capsules opens up an entirely new field of work, the tilling of which is likely to occupy research workers during many years. The discovery of the special powers of the Sulphanilamide group leads back directly to the pioneer researches of Paul Ehrlich and his pupils."

POLLUTED WATERS

Victoria has, or rather had, an amusement centre provided by Nature in the waters of the Gorge Inlet and the land immediately adjacent, but, for the time being, for recreational purposes, it has been destroyed by man. Those waters are now so polluted that bathing has been prohibited; as a boating waterway the inlet seems to have lost its attractions. There was a time when the B.C. Electric Park area fronting the Gorge waters attracted pleasure-seekers in their thousands; now it is all but deserted. The city and the adjacent municipalities are allowing a definite asset to go to waste, because nothing is being done to purify the waters.

There are civic interests that lay much stress on every possible facility being provided here for the enjoyment of tourists. Not very much has been done in this particular to reinforce the attractions of Nature. In the case of the Gorge, a natural asset has been allowed to go into disuse as a pleasure ground. Its restoration and building up as one of the most centrally situated natural advantages available to the citizens of Greater Victoria ought to be a task to which all the authorities concerned should direct their attention. It is a detriment to the recreational facilities of the community that the waters of the Gorge should be allowed to become more and more polluted, while nothing is done to remedy a situation in which every citizen should be interested.

THE CROP OUTLOOK

There is optimism in the assurance that, if no adverse conditions ensue, Canada will have a good wheat crop this year, and much available for sale to other countries. The outlook in the Prairies is at present excellent, and what a good crop will mean to the country is a matter of record according to the experience of previous years. The investigations of the Imperial Economic Committee show that "the rise in stocks of wheat at the end of this season, as compared with the last, seems unlikely to be very great." This prophecy may, in a measure, be disproved by Canada's output. It is known that Argentina will have little wheat available for export to Europe. In the United States the prospects are favorable to a large crop, with much available for export. All depends on the growing weather during the next few months.

There are prospects that Canada may find a ready market for any wheat surplus she has, especially if Great Britain matures her plans for the storage of foodstuffs as a military measure. If there is failure in any respect, experience has shown that any surplus stored eventually finds a market, and then, too, the Prairie farmers are now gradually adopting greater diversity in the production of grain crops. This is a factor that is going to help in a cumulative way. At present the outlook has satisfactory features which only adverse weather conditions, or other disastrous forces of Nature, can upset.

MOURNING SOUNDS

The creaking of a wagon down the road,
Going into market with its load;

The whirring of a lark that soars above,
Trilling as it mounts, a song of love;

The echo of a thrush's call, sweet and clear,
Coaxing back a lovely mate, hidden near;

The turmoil of the river past the mill
Racing to the ocean with a will;

The lowing kine as they begin to fret
For grassy fields with dew and wet;

Such sounds and sights can charm the
ear and eye,
And link the soul of man with earth and sky.

If a man has a right to be proud of anything, it is of a good action done as it ought to be, without any base interest lurking at the bottom of it.—Sterne.

Note and Comment

By Sandham Graves

That was a typically New World reception accorded to Howard Hughes and his party on their safe return to New York. Five men who had been under terrific physical and mental strain, and without more than fragmentary sleep for four days, should have been permitted to go to bed and stay there. The public, however, demanded an exhibition. It wanted heroes to dance for it. So they did. Poor heroes. What a recompense for having dared, and achieved! Mr. Hughes did a gracious thing when he referred first to the achievement of the late Wiley Post, whose single-handed adventure in the Winnie Mae made the original record, now halved. The time of the present record holders is given as three days, nineteen hours and fourteen minutes, for an airline distance of 14,824 miles, and an actual distance much greater than that. Geography, or at least the world's conception of geography, has been spotlighted by the flight. Witness the Verkhoyansk Mountains, northwest of Yakutsk, a huge barrier range in the northwest corner of Siberia, stretching in a full crescent almost from the Arctic Ocean in the north, to the Sea of Okhotsk on the Pacific side, and feeding the River Lena, which flows into the Arctic Ocean. On the maps of the flight party, the Verkhoyansk Mountains showed elevations of 6,500 feet. Mr. Hughes said his 'plane crossed the range somewhere between 10,000 and 15,000 feet, and that some peaks were 9,700 feet high, with perpetual snow. This is an excellent illustration of why cartography has taken to the air. To return, however, to the original point: save the hero worship, and appreciate the sound, practical and daring achievement of men who knew what they were about, and did it well. Their luck held.

A Great War veteran writes to The Colonist recalling associations of the 30th Battalion, and suggesting a reunion be held in Victoria by the dwindling number of men who were part of that unit when it marched away 1,150 strong on or about February 18, 1915. As of interest to former members of the same unit, part of his letter is here quoted:

"Is it possible that a reunion of the remaining members of the original 30th Battalion could be held this Summer or Fall? This unit left Victoria as a full battalion, and Victoria would be the proper place to hold the reunion. Years are going by, and the ranks are thinning fast. The 30th Battalion was an all-British Columbia unit, and Victoria knew it best."

So far as can be ascertained immediately, no reunion of the 30th Battalion as a separate unit has been held here since the Great War. The battalion was unique in that it supplied the first actual service reinforcements to the First Canadian Division in the line, immediately after the Second Battle of Ypres, and before the engagement at The Orchard. Many Victoria boys were in the group. Capt. Cyrus Peck, V.C., served in the composite force, broken up later for reinforcements at the front.

Another veteran supplies the following outline of the 30th Battalion's inception. It was, he says, formed in Victoria in October, 1914. No. 1 Company was from Prince Rupert; No. 2 Company composed of 50th Gordon Highlanders here; No. 3 Company from Vancouver and New Westminster; and No. 4 Company composed of men from the 88th Victoria Fusiliers. The late Col. J. A. Hall was in command. The battalion left Victoria in February, 1915, and was broken up on arrival in Britain. Two companies went to the 7th Battalion; and one company each to the 15th and 16th Battalions; making up losses at Ypres. The suggestion is passed along for those who were members of a unit which saw heavy fighting in the ranks of the Canadian Expeditionary Forces overseas.

It is part of a newspaperman's creed that if an item has appeared in print it is no longer news. A column, perhaps, is granted a little leeway; and this column bows to the request of a Cobble Hill subscriber and others who drew attention to an interview granted to a United States periodical by J. Edgar Hoover, chief of a Federal bureau of investigation south of the border. Mr. Hoover was speaking on the influence of the home on character, and, therefore, on the elimination of crime. Turning to an imaginary parent, the chief G-Man of the United States, said he would counsel him that sound character can come best through home training. Parents, he said, should tell the truth to their children, and make that truth understandable with full explanations. They should insist upon the truth, in return; and omit punishment where it was told, even to the discomfiture of the child. Criminals, said Mr. Hoover, were of all types, but shared one thing in common—all were liars. Citizenship demanded honesty; from parents, from children. Parents should be fair and understanding at all times, remembering that errors are altogether human. Family discipline was the exception rather than the rule today, and there had been a loss to character there. Parents should have few rules, but should enforce those without question. Spoiled children could be "raised under glass," but eventually must emerge to fight their way in the open world. Black eyes, fighting and bruises were normal to growing boys, but the important thing was to discover the cause of the fight. Parents should remain pals with their children, and assist them into movements where outlets were afforded for youth, energy and adventure. All children should be given some duties to perform; and taught that life has its own responsibilities for every human soul. Homes were "for living" and "for learning"; and the best character-builders known to man. Children should attend church, but should be accompanied there by their parents, Mr. Hoover said in conclusion. The article, in the form of an interview with Herbert Corey, appeared in Woman's Day, for June, 1938; where the actual text of Mr. Hoover's advice may be read. It is summarized imperfectly here at the request of several correspondents.

Had Ten Lives

A recent item in an English newspaper told of the death of a cat aged twenty-three years at Covehithe, Suffolk. The feline was found by an Imperial Army soldier during the Battle of Vimy Ridge in 1917 and brought home after the war. Several veterans wanted to know if the animal's longevity was due to the famous "rat" diet at Vimy . . . "I have great difficulty in dropping off to sleep on these warm nights," a customer told our tobacconist friend. Assuming a dying-duck expression which the tobacconist calls his thinking posture, he sagely remarked that mental effort had a great deal to do with overcoming insomnia. "Just imagine you are walking a tight rope stretched across Niagara Falls," he suggested. "Then what?" the customer eagerly asked. "Step by step you advance from one side to the other," he paused. "Go on," urged the customer. "You'll soon drop off," the tobacconist finished . . . Last time Bill, the Broad Street barber, went to a political meeting he heard a speaker remark: "Ladies and gentlemen, I want to tax your memory." As a protest against the present high taxation, Willie got up and left.—G.B.

Glancing Over Sport

Among the thousands of people who journeyed to Sooke Wednesday to take in the annual sport events and other attractions was Clint Smith, star forward of the New York Rangers Club in the National Hockey League. Smith works at a gas station in Nanaimo in the off season, but took time out to travel to Sooke with Muzz Patrick . . . Finland appears to have the inside track for the 1940 Olympic Games now that Japan has abandoned plans to stage them due to the troublesome state of affairs across the Pacific . . . Then comes the sad news that Bob "Lefty" Grove, who is enjoying one of his best years in American League ball on the pitching mound, was suddenly stricken with some strange ailment which has deadened his famous arm. Let's hope it's nothing real serious for the thirty-eight-year-old veteran has been working hard to keep the Red Sox near the top of the ladder . . . Here's a warning to young baseball fans who leave their bikes outside the Athletic Park and climb the fence to see the games. Last Saturday eleven boys left their machines and scaled the fence to see Bellingham play. While they were enjoying the fixture in the evening the Black Maria arrived and the bikes went to headquarters and stayed there until the boys put in complaints that their vehicles had been stolen. The result was a good lecture, a good warning and bikes returned.—J.D.

Shades and Shops

Somehow we seem to have devoted the better part of this week to taking off our hat to talent in one form or another. But rather than omit still another spot of homage to deserving genius, we now salaam deeply before the advertising sagacity of a Victoria window shade firm. In the general run of business places that offer commodities for sale, that particular line of goods finds a prominent place in the store's display window particularly if its size lends itself to such forms of advertising. Ordinarily one would think that nothing would fit into a shop window with more readiness than a display of window blinds. But not so—according to the shop we have in mind. Instead, their window is absolutely devoid of the slightest trimming or suggestion of the commodity they offer for sale within. To a passer-by the neatly-painted but rather barren aspect provides striking contrast to the other crowded displays in nearby stores. And to the curious it provides ample bait for going inside the store to find out just what is for sale. At least it did in our case—and apparently that is just what the staff inside is counting on.—J.A.M.

MEASUREMENT AIDS TEACHER

Dr. Ernest Tiegs, Southern California University, Addresses Summer School

The marks secured by a student in written examination were not dependent on his learning so much as on the teacher who marked the examination paper, Dr. Ernest Tiegs, of the University of Southern California, told the Summer School of Education audience which he addressed on Thursday on "The Contribution of Measurement to Teaching and Learning."

An educational superstition was that there was a high relationship between a pupil's intelligence quotient and his success in school. That, said the lecturer, was not true, and there had never been any evidence to show that it was. The I.Q. had a certain value, but some people with a high I.Q. were failures, while others with a low I.Q. succeeded. There were certain primary abilities and faculties such as memory, verbal ability, power for inductive and deductive reasoning, observation, etc., that meant a great deal. On the other hand a child might have an excellent encyclopaedic knowledge and not have the ability to relate the facts to life and behaviour. Measurement was making a contribution to the social side of learning.

TESTS HAVE VALUE

Speaking of the significance of the tests in the case of children who found difficulty in reading, Dr. Tiegs said that more important than the difficulty in reading was the effect which this would have on the child's nervous energy and the eye-strain that followed.

The tests had value. In the first place the extraordinary differences that existed between children would never have been known about but for the tests, which had shown that every child had a unique personality which differed from that of every other child. Nothing that the teacher could ever do would turn them out in the same mould. Nor should he want to. "But we do want to be efficient, loyal, courteous, active and original," added the speaker. Some teachers had been so impressed with the idea that the child should be active and original that they had even got the idea that it was wrong for the child to learn to obey. This, of course, was not what was sought.

PYTHIAN TEMPLE TO HOLD BASKET PICNIC

Tel El Mahuta Temple, Victoria, of the Dramatic Order Knights of Khorassan, will hold its annual basket picnic tomorrow at Royal Prince Allison's country home on Cedar Hill Road near Mount Douglas. A novel and interesting programme of events has been prepared by the committee in charge and it is expected that a large number of Dokkies, their families and friends will attend.

Members of the order from Duncan, Chemainus and other Up-Island points are also planning to be present. Members of the two Victoria lodges of the Knights of Pythias, as well as the Princes of Syracuse have been invited, which should considerably swell the attendance and the affair promises to be the most successful yet held by the temple. A motor caravan will leave the Knights of Pythias Hall, Broad Street, at 10 a.m.

The time used is Pacific standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish hlen water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of low water.

To find the depth of water on the sill of the new Esquimalt drydock, add 30 feet to the height of high water as above given.

FIFTY YEARS AGO TODAY

From The Daily Colonist of July 16, 1888

Canadian Lumberman—The lumbermen of Old Canada have begun to turn their attention to the pine on the other side of the Rocky Mountains. More than one of them is likely to be operating on the Pacific Coast. As to the quantity and excellence of the pine and other wood there is no doubt, and the only question would be as to its market if the output were greatly augmented. There seems, however, every likelihood of rapidly increasing settlement on the great Prairies, and this must bring a demand for lumber in that direction. The markets in Australia should also be capable of extensive development, for they have little but hard wood, and their requirements are large.

New Resident Passes—Mrs. Isabella Blechynden, a native of Berwick-on-Tweed, England, died at her residence, North Park Street, on Sunday evening. The deceased lady was a resident of this city since the first of last April, having arrived here from Japan with her three children. Her husband was to have come here next Spring, and they intended to make Victoria their future home.

Stocks Swing Up In Fast Recovery On Wall Street

NEW YORK, July 15 (AP).—Demand for steels put the stock market on a forward swing today and leaders recovered fractions to two points generally with a few isolated issues climbing much higher.

Motors, rubbers and a wide assortment of specialties were in the front of the move, and even selected rails and utilities, along with copper, did better.

Volume was 933,010 shares. Despite last-minute activity, the aggregate was the smallest for a full session since June 17. The Associated Press average of sixty issues was up .5 of a point at 47.8, almost canceling yesterday's loss.

The bond market today converted many early losses into substantial gains at the close.

Matching the progress of top-flight corporate loans, U.S. Governments recorded numerous gains ranging from 1-32 to 4-32.

Foreign dollar bonds attracted relatively little attention. Cuban Public Works 5 1-2's pushed up 1 3-8 to 71 1-2.

DOW JONES AVERAGES

Dow Jones averages closed today as follows:

Thirty industrials, 137.32, up 1.51.
Twenty rails, 27.13, up 0.32.
Fifteen utilities, 21.35, up 0.30.
Forty bonds, 88.91, up 0.22.
Total sales, 930,000.

WHEAT FUTURES SLUGGISH AGAIN

WINNIPEG, July 15 (AP).—Trading on the Winnipeg Stock Market resumed the sluggish trend, which has generally marked operations for more than a fortnight.

Announcement of United States farm loan prices, considered bearish by many, and uncertainty in North American wheat markets influenced a decline that sent futures prices down 1-8 to 1 1-8 cents.

At the close July was 98, October 77 1-8, November 76 3-4 and December 75 1-2 cents.

Liverpool dropped 3-8 to 1d at the close. Buenos Aires was down 1-4 to 5-8 at noon. Argentine wheat shipments for the week totaled 1,502,000 bushels and clearances from Australia amounted to 1,126,000.

Cash wheat was featured by good demand for durums for export.

Pit trade in coarse grains was equally as dull as wheat.

LONDON, July 15 (AP).—Bar gold 141s 2d, unchanged (equivalent $34.82).

MINES STRONG IN TORONTO MARKET

TORONTO, July 15 (AP).—The mining market displayed practically all the optimism in today's Toronto Stock Exchange session. The junior western oils registered a strong note though the index was down a bit and the industrials with only a slight margin to the good. Volume was the heaviest in two weeks at 950,000 shares.

Waite-Amulet continued its sensational advance, closing at $6.50. Trade in the issue reached 50,000 shares. Smelters added 1 1-4 and Noranda gained 1-4. Pend Oreille, Sherritt and Jack Waite firmed slightly.

Eldorado firmed 12 cents to 2.35. Other silvers were steady and slow.

Chesterville-Larder Lake was the top liner of the gold group. It traded 71,000 shares on news of new ore discoveries and advanced 14 cents to a new high at 1.56. Naybob spurted to 78 and held an 8-cent gain, and Hard Rock had the same net advance on turnover of 30,000 shares. Other active golds closing up for the day were Kerr-Addison, O'Brien and Kirkland Lake.

Abitibi issues and Consolidated paper finished with narrow gains. National Steel Car went up 2 1-4 to a new high and Dominion Steel "B," Page-Hersey and Steel of Canada advanced.

Junior western oils firmed up and the medium-price issues slipped narrowly. Davies, East Crest, Highwood-Sarcee, Pacalta, and Prairie Royalties close up and Calgary & Edmonton and Okalta were off moderately.

IRRITABLE BOWEL, MUCOUS COLITIS—CAUSE AND TREATMENT

"The most important symptom is pain in the abdomen which may be just a sensation of bloating and pressure from gas, or a severe cramplike pain relieved by bowel movement. Nausea is a common symptom (particularly morning nausea in both men and women) and vomiting is not unusual. Belching, distension of the abdomen and an excessive amount of gas are common. The patients complain of more general symptoms such as headache, tiredness, weakness, nervousness, sleeplessness and dizziness."

I am describing the symptoms of what is variously called "functional bowel," "irritable bowel," "mucous colitis," "spastic colitis" and other names, as outlined by Dr. Walter Lincoln Palmer, University of Chicago, in medical clinics of North America.

As the cause of the above group of symptoms is believed to be nervousness or emotional conflict, the biggest factor in the treatment is the removal of these mental conflicts and establishing a calm and peaceful mind in the patient. "Probably the one most important method of treatment is physical and mental rest. It is well to suggest definite and longer hours of sleep. An afternoon rest is very helpful. In many cases a few days, in some even a few weeks, of absolute rest in bed is desirable in order that the patient may become thoroughly rested. Heat to the abdomen—hot water bottle or an electric warming pad—often gives great relief. Cathartics should be avoided; regular bowel movement should be accomplished by diet."

Dr. Palmer suggests the following "basic" diet, to which, as the patient improves, oatmeal and potato are added, then cooked vegetables, later stewed fruits, still later raw vegetables, and finally raw fruits.

The basic or ground work diet is:

1. Lean meats of all kinds, cooked eggs, milk and cream, cream of wheat, farina, rice, white bread, butter, crackers, cheese, noodles and spaghetti (without tomato, peppers or such seasoning), custard, Jell-o, cornstarch and tapioca (no bran flakes).

2. Oatmeal, whole wheat bread, baked or mashed potatoes.

The treatment, then, of what we call irritable bowel or mucous colitis is mental and physical rest, and a diet of non-irritating foods.

RETURN FROM WEST COAST

Plane Party at 9,000 Feet See All of Vancouver Island From the Air

Flying 9,000 feet above Great Central and Sproat Lakes on Thursday, en route by air to Zeballos, Premier Pattullo and his party saw both ends of Vancouver Island, the Premier remarked yesterday on return from the West Coast goldfield. Commenting on the rising settlement of Zeballos and mining development there, Premier Pattullo said:

"Everybody seemed buoyant and happy. Several utilities are required, such as water, school, road, hospital and so forth, and must receive attention. Here we see development from its inception. The men and women who are there are truly pioneers, and deserve every encouragement.

TERRAIN ROUGH

"I do not think that people generally realize the mountainous and rugged character of a very considerable portion of the Island, with a great part of these areas covered by heavy timber," Premier Pattullo concluded.

Ben Hethey, the Premier's private secretary, accompanied him on the trip, covering 400 miles of air travel in one day. E. C. Dobbin was in command of the chartered airplane.

GIVES DINNER FOR OFFICERS

Garrison and Camp Staff Guests of the Westminster Regiment Here

Officers of the garrison and camp staff were guests of Honorary Lieut.-Col. Russell Whitelaw, the officer commanding and officers of the First Battalion, Westminster Regiment (M.G.), at a dinner in Spencer's dining-room last night, presided over by Lieut.-Col. F. J. Simpson, V.D., mess president, and Lieut. I. F. Douglas, mess vice-president.

Officers of the regiment and their guests assembled for cocktails at 7:30 o'clock, with dinner commencing at 8 o'clock with the blessing by Honorary Major the Rev. J. G. Gibson. A short toast list was opened with a toast to the King, which was followed by one to the regiment's honorary lieutenant-colonel, proposed by Lieutenant-Colonel Simpson. The toast to "Our Guests" was given by Major A. B. Noble, and replied to by Brigadier J. C. Stewart, D.S.O., district officer commanding Military District No. 11; Lieut.-Col. Walter Bapty, officer commanding the Second Battalion, Canadian Scottish Regiment (M.G.), and Major A. P. Williams, R.M.R.

The toast to the Westminster Regiment was proposed by Major J. E. Edgar, M.C., P.P.C.L.I., camp commandant, and replied to by Major C. J. Loat, V.D., officer commanding the First Battalion of the Westminster Regiment. Lieut. I. F. Douglas entertained with songs, and Major Parker, of the Second Battalion, Canadian Scottish, gave a number of recitations.

Regimental officers present included Major Loat, Lieutenant-Colonel N. D. Theobald, Lieutenant-Colonel Simpson, Major Noble, Major George E. Johnson, Hon. Major Gibson, Captain P. F. Pirie, M.M., Captain H. A. Eckhardt, Captain G. R. Burrows, Lieutenant F. C. Cummins, Lieutenant A. M. Field, Lieutenant Douglas, Lieutenant D. L. Watts, Lieutenant A. W. The guest list included Major Edgar and Lieutenant Eakins, of the camp staff; Brigadier Stewart, Major Murchie, general staff officers; Major Sanford, general staff officer; Major Murray, district medical officer; Colonel Gibson, Colonel Greer, district supply and transport officers; Captain Townsend, district ordnance officer; Major M. W. Turner, district paymaster; Colonel Fortt, Major G. B. Underwood, Major Stone, Mr. Houghton, Colonel Bapty, Major Clowes, Major Parker, Major McMonies, Captain D. Crofton, Captain A. T. GIVEN ORDER FOR PLANES

Air Force. It has a speed of nearly 350 miles an hour.

"In Lord Nuffield," Sir Kingsley said, "the country has a great master of mass production methods, and he is to have a free hand in the methods he adopted for production of aircraft."

"The order which the Government have placed with him," the Air Secretary added, "would also give the widest possible scope for any new methods that might be deemed advisable to adopt."

The Air Secretary said the new plant would be the largest of its kind in Great Britain, and would constitute a permanent considerable addition to the nation's anti-aircraft defence equipment.

TRAILER HITS GIRL

Hurled to the pavement after she had been struck a glancing blow by a hay-filled trailer at the intersection of Lansdowne Road and Shelbourne Street, thirteen-year-old Agnes Townsend was taken to Jubilee Hospital, with possible fracture of her left collarbone. Her condition is reported as "very good." Driver of the auto towing the trailer did not know he had struck the girl, and did not stop following the accident, police said.

JUBILEE BOARD HAS ELECTION

F. E. Winslow Again Heads Hospital Directors — New Pavex Machine Installed

F. E. WINSLOW

F. E. Winslow was last night re-elected president of the Jubilee Hospital board of directors.

The election took place at the regular monthly board meeting held at the hospital, other officers for the ensuing year to be as follows: Vice-president, Edwin Tomlin; honorary treasurer, J. Vaughan Roberts. Mr. Roberts continues in this office for the tenth consecutive year, and S. J. Drake and Charles Williams, re-elected to represent the donors and subscribers on the board, have served for eighteen years each.

Reports showed generous donations toward the new Pavex machine, T. Bradbury having made a gift of $100, and another anonymous donor having given $200 toward the purchase of this equipment, which cost $750. The machine, which has already been installed in the X-ray department, replacing a smaller apparatus of the same kind, is used to restore circulation in extremities, and works on the principle of constantly applied positive and negative pressure. Many cases of gangrene, it was stated, had been prevented by the use of this machine.

Another gift was that made by the Senior Women's Auxiliary, a sewing machine and linen and rugs.

The number of days' treatment in June was 7,802, percentage of room occupancy, seventy-two, as compared with sixty-four per cent last year in the same month; radiological cases, 438; therapy treatments, 319; and physiotherapy treatments, 440.

DECLARES ECONOMIC SITUATION HOPEFUL

for our children is one at which we may shudder."

IS REDUCING TENSION

Britain, he declared, has seized every opportunity of "reducing tension and making friendships" because world troubles could not be solved if the powers kept piling up guns.

This warning against rearmament followed by one day President Roosevelt's statement in San Francisco that the United States is anxious to take part in a general disarmament movement.

The share of the United States in the recession and in prospects for recovery ran through the entire debate.

Henry Graham White, of the Liberal Opposition, said:

"America is priming pumps, but we are doing something even worse—we are priming guns all the time.

"Something beneficial may come out of a pump. It is by no means certain that anything of value from an economic point of view will come out of a gun."

CO-OPERATION WITH U.S.

Robert Bothby, Conservative, demanded more co-operation with the United States but he declared he hoped the "forthcoming visit of Secretary Morgenthau (of the United States Treasury) will be used to explain to the Federal Government of the United States that a mere trade and tariff agreement is of little value when the trend of trade is downwards and there is an increasing adverse balance of trade being built up against the United Kingdom."

Sir John Wardlaw Milne, also a Conservative, said one thing that would help Britain more than an Anglo-American trade treaty would be "some settlement of the War debt."

The unique pick-a-back seaplane was pronounced ready after a successful twelve-hour 2,040-mile endurance test yesterday.

EXPERIMENTAL MACHINE

The pick-a-back is an experimental "composite" machine comprising two complete planes, a large "parent ship," named Maia, and the smaller, speedy Mercury, joined to the Maia's back by secret devices.

The long-range Mercury has enough power for a 210-mile-an-hour speed in the air, but is unable to take-off from water level alone with sufficient fuel for a long trip.

It is built to "take-off" in the air, from the Maia's back, at about 3,000 feet. Thus handled, it has a flying range of more than 4,000 miles.

WORK AS ONE UNIT

On Wednesday, at about 7 p.m. (10 a.m. P.S.T.), the two, geared together, will take the air, their motors and propellers working as one unit. At a given signal the planes will drift apart, the smaller craft pointing for Botwood, Newfoundland.

The parent ship, Maia, a flying boat, will circle back to her base.

Imperial Airways and the Air Ministry jointly have produced the pick-a-back. It was invented and designed by Robert Herbert Mayo, technical general manager of the air line. It is different from wartime composite machines in that when its two components are joined it is an eight-engined biplane, completely synchronized, and not simply two planes locked together.

PAYROLL ROBBERY

YONKERS, N.Y., July 15 (AP).—The Yonkers business district was thrown into uproar today when two young men robbed construction company officials of an $11,300 payroll, of which $4,700 was recovered from one suspect who was picked up later in a street car.

City and District

Stolen From Automobile — Dr. Hermann M. Robertson informed police yesterday that a case containing medical instruments and a second case of drugs were stolen from his automobile while it was parked outside St. Joseph's Hospital.

Seek Reduction—In a letter to the City Council, the Victoria Golf Club asked that its water rate for the period of May to August be reduced to 3 cents per 100 gallons. The matter will be referred to the water board.

Boat for Visitors—For the convenience of those wishing to visit the Sea Scouts' Camp at Rodd Hill, arrangements have been made for a boat to leave Pioneer Street for the camp at 2 p.m. today and again at the same time tomorrow.

Annual Meeting — The annual meeting of the Union of British Columbia Municipalities will be held at Nelson on September 14 and 15. The City Council has been advised by the union secretary, R. R. F. Sewell, to turn in resolutions for the convention not later than August 13.

Man Traced—According to information received by Inspector J. T. Boulton, Leonard Davies, twenty-four, 314 Menzies Street, was last seen at Colwood on the morning of July 2. The man has been missing since that date, and police were asked to find his whereabouts. From Colwood, he is believed to have proceeded to Princeton.

Restitution Made — Police have made restitution to Fred Williams of sixty-eight packets of cigarettes, five of cigars and twenty-eight tins of canned goods stolen from his store on June 28. The goods were found in a shack in Saanich largely through the efforts of Sergeant Eric Elwell, of the Saanich Police. Three youths were recently convicted of the theft.

Herring Still Tagged—The attention of the public was drawn yesterday by Federal fishery offices to the practice of tagging herring for scientific purposes. Housewives will be paid 50 cents for each tag they return to the Biological Station at Nanaimo. More than 800 herring have been tagged and liberated in recent months, it is explained. The tags are of metal, three-quarters of an inch long, and will be found inserted in the body of the fish.

Adjust Licences—Attorney-General Gordon S. Wismer was advised yesterday from Ottawa that the Dominion would waive its $5 fishing licence for tourists in tidal waters. Possession of salmon roe while fishing has been declared an offence, tightening previous regulations which banned its use. It is not suggested, however, that anglers disembowel their fish, the Attorney-General explained. The fish may have roe, but anglers must not.

Approve Shops' Closing — The town of Lytton will close its stores at 1 p.m. on Wednesdays and at 9:30 p.m. on Saturdays, according to a regulation under the Shops Closing Act approved yesterday by the Provincial Government. Burnaby tax sales were approved, covering resale of confiscated properties for a total of $3,065. A three-acre school site was granted to the official trustee in the Peace River area, concerning property near Dawson Creek. A tea-room site at Campbell River was rented to Mrs. Stella Smith, at Elk Falls, for $50.

Appointments Made—Dr. Cecil R. R. Learn, New Westminster, was added to the board of the Royal Columbian Hospital yesterday by provincial order. Alfred Payne was named as Justice of the Peace at North Bonaparte. Pearl L. Petrie was appointed deputy mining recorder at Haylmore, B.C. Returned soldiers' refunds of $300 each were granted to Thomas McAlpine Luckett, Vancouver, and Thomas Henry Wilson, Penticton, under the Better Housing Act.

Youths Sentenced—Two youths, Hugh McMillan and Ronald Reid, who appeared before Magistrate Henry C. Hall, K.C., in the Oak Bay police court yesterday for sentence on theft charges to which they had previously pleaded guilty, were each given one year at hard labor, to run concurrently with terms of imprisonment to which they were sentenced in the city police court earlier in the week. The charges in the Oak Bay court were of stealing, on June 27, a car belonging to Mrs. Marjorie Drury, and of stealing a radio over the value of $25, from Mrs. Drury's car.

WELL-ATTENDED DANCE HELD FOR MISS MOFFAT

A popular old-time orchestra provided the music for an enjoyable dance held in the A.O.F. Hall last evening in support of Miss Eleanor Moffat, Scottish Societies' candidate for the title of "Miss Victoria." A crowd of approximately 200 dancers filled the large ballroom and many of the old Scottish reels and quadrilles were featured by the orchestra. Generous refreshments were served at a sit-down supper at 10:30 and just before the conclusion of the dance the tombola prizes were awarded with Sergeant Major Tait of the Canadian Scottish Regiment winning the first prize.

in a Federal Cabinet as Minister of Railways had equipped Dr. Manion to serve his party ably, with every opportunity now to measure up to the responsibilities and opportunities of the highest post within the gift of the organization.

"Dr. Manion has ability and poise. His force of character will lead him to make decisions and to avoid vacillation. He now has every opportunity to measure up to the position of leader and to show what, with the united support of the National Conservative party, he can do for the benefit of Canada and all its people," Mr. Anscomb said, in conclusion.

DELEGATES RETURNING

R. L. Maitland, K.C., M.P.P., returned to Vancouver this week, while other members of the British Columbia delegation are on their way back to the Coast.

So far as provincial Conservatives are concerned, the next party step will be the provincial convention, and the choice of a successor to the late Dr. Frank Patterson. The provincial convention will be held early in the Fall, it has been intimated.

MILLER—CADDENS

Rev. J. W. Stevenson officiated at the marriage of Miss Ann Jean K. Caddens, daughter of the late Mr. and Mrs. Thomas Caddens, Coatbridge, Scotland, and Mr. John Allen Miller, son of the late Mr. Miller, and of Mrs. B. Miller, Berkeley, Cal., which took place in St. Andrew's Presbyterian Church here at noon yesterday.

Mr. and Mrs. Arthur Dowell, intimate friends of the bride, were in attendance. For her marriage the bride was smartly dressed in a white sharkskin suit with a corsage bouquet of roses, and a white hat.

A few friends were later entertained by Mr. and Mrs. Dowell at their home on Oscar Street, the bride and groom leaving afterwards for Seattle en route to Spokane.

After their honeymoon, Mr. and Mrs. Miller will reside in Winthrop, Wash.

PLAYS FOR SISTERS

Sisters of St. Ann and St. Joseph were entertained with a delightful programme yesterday at St. Ann's auditorium when Benedict Bantly, an old friend of the Sisters, who is here visiting his brother, S. A. Bantly, played a number of his own compositions on the violin and piano. Others who took part on the programme were Mme. Griffaton, whose accompaniments were played by Mr. Bantly, and Mr. and Mrs. Frank Behl.

Heart on Her Sleeve

By ALMA SIOUX SCARBERRY

CHAPTER XVIII

She might just be prejudiced because she knew him before he went away to college, before he acquired his polish. But she knew he could drop his charming manners and show the brass knuckles once in awhile. But so subtly and insidiously charming was Mr. Farro, that by the time dinner was over Moleen was almost convinced she must be mistaken.

Mignon beamed on Charlie while he discussed the political situation with her father, and assured him in glowing terms that he would be the next governor of New York State. The people, Charlie declared, were entirely ready for a clean, fearless government. And his host was being talked of as the one man who could give it to them.

Over liqueurs in the library, the district attorney brought up the subject of Brooklyn gangs.

"There doesn't seem to be," he sipped his cordial, "much left of the Rafetti gang since we sent that bunch up last year. You're a Brooklynite. Do you think we've got them pretty well cleaned out?"

"Undoubtedly." Farro lit a cigarette with steady hands. "You did a thorough job there."

"I don't know." Laine seemed to be studying. "I've never seemed to be sure there isn't a man higher up in that Rafetti rat's nest. Some one perhaps we've never suspected."

"That's possible." Charlie nodded. "But if so, you must have him pretty well scared. They've been lying low, a long time."

"Or." Laine drained his glass. "gone into another racket. Counterfeiting is a pretty poor way of cleaning up anyway. A man clever enough to be the brains behind the Rafetti gang should be able to think up a smarter racket than passing fake greenbacks."

"Does a criminal use his intelligence to that extent, sir? Perhaps if he did he wouldn't be a criminal."

Laine got up.

"I wonder? Well, good night, Farro. It's been interesting having you with us. I've some work to do now, so if you'll excuse me, I'll run along."

It seemed a remarkable coincidence to the district attorney that Charlie Farro should have walked into his home as a guest that night. It was only that day that very definite information had come to him linking Farro with the Rafetti gang.

It was the first time, so far as he knew, that the handsome young Brooklyn attorney had ever been suspected of being outside the pale of the law. Troubled, he sat down to try to put the puzzle together.

His daughter had met Farro through Moleen O'Dare. The girl had been picked up in Central Park, supposedly struck by Mignon's car. She hadn't really been injured. Merely grazed. That in itself seemed strange.

It was stranger still that Farro should turn up and recognize his old friend Miss O'Dare at the Wayside Inn the first night she was ever out with Mignon.

Then there was Farro's sudden interest in Mignon. As much as he loved his daughter, he had to admit she was hardly the type to knock a man like Farro off his feet at first sight.

Reasoning it out, Tom Laine convinced himself thoroughly that there was mystery in the puzzle. And treachery. For some reason, the girl who was a guest in his house had framed her way into the affections of his daughter. Had played on her sympathy and laid the foundation for Farro's entrance into his home. But why?

The prosecutor picked up the telephone and called Bill Feldman, one of his prized lieutenants.

"Bill," he instructed his supersleuth, "I have a job. It's very important and I want you to handle it yourself. Call me back any time between now and morning, or as soon as you can get the information.

"I want you to check up on a girl. The information I have is that she used to live on lower Lavely Street in Brooklyn. In the tenement section. The name is Moleen O'Dare."

Visitor Warm in Appreciation of Victoria's Charm

"In Victoria, nature and human nature have pooled qualities to make this one of the most attractive holiday resorts in the world. Nature stingy with her gifts in more publicized places, is in this hallowed spot a generous fairy godmother."

Such was the praise voiced yesterday by Clifford Severn, a member of the Hollywood cricket team which played in the city on July 4, who has remained to spend a holiday in the city.

Mr. Severn was unstinting in his praise for what he described as the unparalleled charm and beauty of Victoria, and declared that he had been completely captivitated by this "little bit of England abroad."

"Having lectured in practically every corner of the globe on physical and mental fitness, it is a great joy to me to see your Government and educational authorities fostering the idea of fitness in youth," Mr. Severn said.

"I shall most certainly tell them over the air in California what I think of your garden of Eden," he added.

Collins, chairman of the entertainment committee, and Walter Talbot, convener of the sports committee, will collaborate to keep the gathering amused. Children's races, novelty races, a softball game and a tug-of-war between teams to be chosen by Henry Pottinger will be held.

The sports programme will begin shortly after the "sit-down dinner," which is being provided by a city caterer. Ice cream and candy will be served by the committee. FARMERS DECIDE PHEASANTS ASSET

Announce They Will Keep Their Farms Closed to Hunters in Cedar District

NANAIMO, July 15.—Three years ago the Nanaimo and District Fish and Game Protective Association induced farmers of the Michael Lake area, Cedar district, to declare their farms closed to pheasant hunters, provided the association stocked same with new birds, for a period of three years.

A delegation of farmers informed the association last night that they would continue to keep their farms closed for several more years. A compromise was reached by deciding hunters may shoot outside of fences in the district, but birds in fields will remain protected. Farmers claim the birds are an asset to the farm and would be killed off entirely were they thrown open to hunters now.

What Today Means

"CANCER"

If July 16 is your birthday, the best hours for you on this date are from 11 a.m. to 1 p.m.; from 3 to 8 p.m. and from 8 to 10 p.m. The danger periods are from 9 to 11 a.m.; from 6 to 8 p.m. and from 10 p.m. until midnight.

Many unexpected happenings probably will make this an interesting day for you. Some of your friends may have an obsession for springing pleasant surprises and will go out of their way to be nice. Try to avoid declining any invitation you might receive. The average person is apt to be offended if his or her offer to entertain anyone is not accepted. Think in liberal terms, for narrow-mindedness will be one of the principal causes of dissension and strained friendly relationships. It might be advisable for you to think twice before committing yourself to any promise this day. It will be good judgment to refrain from trying to regulate another person's affairs. A little flattery can do a world of good because people will be very susceptible to it. Married and engaged couples, and those who are in love, may discover that fault-finding is a dangerous thing to indulge in this day.

If a woman and July 16 is your birthday, you ought to be very easy to get along with. You may have an unlimited capacity for work, which you apparently do very methodically. Your intuition should very seldom fail to be right, particularly in matters involving money. Although you thoroughly enjoy gayety you might be inclined to take life too seriously on occasions. The chances are you worry too much about other people's problems. You evidently will be very lucky in love, but you are not apt to be so in ventures of a highly speculative nature. You might work far more successfully alone than with a partner, unless it is someone you have known a long time and very intimately. Through literary, laboratory, or medical research work acting, selling, painting or playing a musical instrument your services may be in great demand and your income surprisingly large. Your most ambitious matrimonial expectations are likely to be realized.

The child born on July 16 generally has an exuberant nature, plenty of ambition and the ability to make friends among all classes of people. Serious efforts on the part of this youngster are likely to be well rewarded.

If a man and July 16 is your natal day, you should have a gift for handling people. You ought to be qualified for leadership. As a politician, office executive, restaurant manager, sales representative, newspaper man, actor, doctor or lawyer your chances of winning recognition and making money are excellent.

Called in Time To Save His Life

SUDBURY, Ont., July 15 (CP)—Mike Romaniuk, fifty-five, of Sudbury, can thank his lucky stars he was arrested. Two constables found Romaniuk last night lying sound asleep on the Canadian Pacific Railway tracks here. He was using one rail as a pillow and the other as a foot rest. Five minutes after they removed him a train passed over the spot. In court today Romaniuk was fined $10 and costs for being drunk.

MEMORIAL BY BRUNET

ST. HYACINTHE, Que., July 15 (CP)—A memorial to the forty-six victims of last January's Sacred Heart College fire will be executed by J. Emile Brunet, of Montreal, noted French-Canadian sculptor, it was announced today.

Giants Set Back Cincinnati Reds And Vander Meer

New York Scores 3-2 Victory Over Famous South-paw Pitcher to Move Closer to Pirates—Pittsburgh Beaten by Dodgers—Yanks Widen Lead Over the Cleveland Indians

(By the Associated Press)

Johnny Vander Meer's jinx over New York Giants ended yesterday. After three straight setbacks at the hands of the double-no-hit sensation, the National League champions beat him and the Reds, 3-2, to climb within two percentage points of the loop lead.

Prince Hal Schumacher won his own game with a single with the bases loaded that brought in the winning run in the seventh.

Schumacher didn't finish the game. Ival Goodman came up in the eighth inning with his twenty-third homer of the year, and when the next batter hit safely, "Fireman Dick" Coffman halted the rally.

At Pittsburgh, Luke Hamlin cooled off the Pirates and pitched Brooklyn Dodgers to a 9-4 victory over the league leaders.

Leo Durocher, Dodger shortstop, was ejected from the game in the fourth for an argument with Umpire Lee Ballanfant.

The Cubs, behind the effective pitching of Larry French, defeated Philadelphia Phillies 4-1 to sweep a three-game series at Chicago.

Although they committed five errors, St. Louis Cardinals at home won their first game in nine starts, drubbing Boston Bees, 10-6.

YANKS BOOST LEAD

The Yankees stretched their winning streak to five straight and boosted their American League lead to a game and a half by blanking Detroit Tigers 3-0 in their second abbreviated contest in as many days.

Like Thursday's tilt, which was washed out in the seventh, rain halted yesterday's clash with the Yanks at bat in the last of the sixth.

Lefty Gomez, having one of his better days, set the Tigers down with three hits.

Bobby Doerr's four-run homer in the sixth inning at Boston gave the Red Sox a 5-3 victory over St. Louis Browns in the series opener.

In Philadelphia Buck Ross won his fourth game of the season for Athletics, gaining a 5-4 victory over Cleveland on a three-run rally in the eighth.

Chicago White Sox pounded an 11-3 victory over the Senators for their first win in Griffith Stadium this year.

COAST LEAGUE

(By the Associated Press)

Los Angeles passed Sacramento and took over the Pacific Coast Baseball League leadership last night by winning its fourth straight game of the series. The score was 2-0.

Johnny Moore, with five hits in five times up, led the charge on Henry Pippen, climaxing his big night with a home run over the Los Angeles right field wall in the ninth inning. Defensively, the Angels were unbeatable due to the sensational pitching of Ray Prim, who hurled no-hit, no-run ball after the second inning. He struck out thirteen batters and allowed but three hits, all singles, one in the first and two in the second inning.

Seattle's Rainiers staged another hit fest at Wrigley Field in Los Angeles, burying Hollywood under an 11-3 score. Hal Turpin limited the Stars to six hits while Wayne Osborne suffered on the mound for Hollywood, giving up seventeen hits.

Levi McCormack, full-blooded Indian outfielder for Seattle, led the attack, pounding out four hits. It marked the third time during the series that he turned up with four hits in a single game.

NEW CRICKET RECORD MADE BY ART FAGG

Kent Professional Scores Two Double Centuries Against Essex

COLCHESTER, England, July 15 (AP). — Arthur Fagg, twenty-three-year-old Kent professional, scored two double-centuries against Essex in a county championship match concluded today to set a world record in first-class cricket that leading batsmen have been aiming at for years.

In the opening day's play Wednesday, Fagg compiled 244 runs, following this up with a second-inning score of 202 not out.

Rain stopped play today, Kent being held to four points for its first innings lead. In reply to Kent's totals of 429 and 313 for one wicket declared, Essex made 350 and eight for two wickets.

Several double-centuries in consecutive innings have been recorded but never in the same match. Don Bradman, holder of the world's top score—452 not out—scored 304 and 244 in consecutive innings in 1934 and a year later made 233 and 357.

PROLIFIC SCORER

Fagg, an excellent first-wicket batsman who has represented his country against Australia and India, is a prolific scorer. His highest total in the first class cricket is 257, made against Hampshire at Southampton in 1936.

Chosen to visit Australia on the 1936-37 touring team, Fagg played in the Test at Brisbane and Sydney but was taken ill soon after with rheumatic trouble. Returning to England earlier than his colleagues he was carried off the boat at Tilbury and was unable to play last season.

NANAIMO SQUAD TROPHY WINNERS

Up-Island Machine Gunners Win Daily Colonist Challenge Cup At Heals Range

Piling up a score of 89, five more than their closest rivals, "B" Company of the 2nd Battalion, Canadian Scottish Regiment, of Nanaimo, won the annual Vickers machine gun competition yesterday morning at Heals Rifle Range. The event was staged under the direction of the British Columbia Rifle Association. The winning team was led by Corporal E. Povah, with Corporal F. Pellow and Private H. Dow as gunners.

In second place with 84 points was the "B" Company of the Westminster Regiment and third position went to "A" Company of the same regiment with a score of 74. Following the custom of the competition, Major C. J. Loat, of the Westminster Regiment, handed over the cup to Lieut.-Colonel Walter Bapty, commander of the winners. It was the handsome Daily Colonist Challenge Cup.

During the day, E. J. Read represented the B.C. Rifle Association and A. E. Evans was the neutral observer to check the scores at the targets. Lieut. Sutherland and Sergt.-Major Instructor White, of the P.P.C.L.I., were in charge of the range and superintended the tournament.

Sooke Team Winning the Colonist Cup

Here's the final of the tug-of-war competition at the annual Sooke Day held last Wednesday, for The Daily Colonist Cup, which was won by the Sooke squad from the Eldin Logging Company. The Sooke aggregation is pictured closest to the camera. Part of the crowd, estimated at 5,000, can be seen watching the boys in action. Several formidable teams entered this competition, and plenty of excitement was witnessed before the finalists were named.

"Dizzy" Dean to Pitch Sunday in Opening Fixture

CHICAGO, July 15 (AP).—Manager Charlie Grimm, of the Chicago Cubs, said today he planned to pitch Dizzy Dean, the hurler who has been out of action for two months with a sore arm, in the first game of a double-header, scheduled for Sunday with Boston's Bees.

"We have to find out some time just how Dizzy's sore arm is," Grimm said. Dean, for whom the Cubs paid $185,000 and three players to St. Louis Cardinals, worked out this morning.

GASMEN TAKE CUP FIXTURE

Pitzer & Nex Ball Tossers Trounce Navy With 14-4 Score

RITHET CUP SERIES

	W.	L.	Pct.
Victoria Club	1	0	1.000
Pitzer & Nex	2	1	.667
Eagles	1	1	.500
Navy	0	2	.000

Last night's score:
Pitzer & Nex 14, Navy 4.

Take it from Manager Roy Barnes, his red-shirted Pitzer & Nex ball-tossers are really going to be in there when the playoffs roll around in the Rithet Cup, city championship baseball series.

They moved closer to the undefeated Victoria Club, present leaders, yesterday evening at the Royal Athletic Park, when they hammered out a 14-4 victory over the Navy. It was their second straight triumph and gave them undisputed occupation of the second berth in the standings.

RABEY HITS HOMER

Gasmen hammered out seventeen base knocks, including Rabey's circuit drive to deep leftfield, from the slants of McIntyre and Southern, sailor hurlers. McIntyre started on the mound and was driven to the showers with a fusilade of hits and seven runs in the third frame. Southern took up where he left off and was nicked for eight safeties in four innings.

Harry Harding, big right-hander, opened on the mound for the Gasmen and after giving his clubmates a 9-0 lead was taken from the slab to make way for Les McLeod, Manager Roy Barnes' latest addition to his patching staff. Harding allowed one hit in three frames and his successor was nicked for six safeties and four runs in five innings.

Score—		R
Navy	000 200 02—	4
Pitzer & Nex	027 102 2x—	14

Batteries: McIntyre, Southern, Cosier; Harding, McLeod and Scott.

GAME TODAY

Heading the Rithet Cup series with one victory and no defeats, Manager Tommy Restall's Victoria Club nine will stack up against the Navy this afternoon at 2:30 o'clock. A win for the clubbers will allow them to retain the leading position, but a setback will push Pitzer & Nex into the top berth.

Young Chuck Rowe, promising junior recruit hurler, will probably go to the hillock against the sailors. In his last start Rowe turned back the Eagles and will be out for his second straight win today.

Sailors will be gunning for their initial win and will be fighting all of the way.

OTHERWISE ALL RIGHT

JESSIE CLOUD RACE WINNER

Gallops to Victory in Vancouver Handicap at Brighouse Track

VANCOUVER, July 15 (CP). — H. Nutter's Jessie Cloud drew clear of a classy field in the last eighth today to score a two-length victory in the feature $600 Vancouver Handicap at Brighouse Park. Nakasun placed and Easter Doll took the show spot.

The winner returned $10.65, $4.55 and $2.75 in pari-mutuel betting. Emerald Stock Farm's favored Canadian-bred, Sahara Chief, slowed in the run home and finished fourth.

A freak pay-off of $220.65 in the daily double resulted when no bettor held a ticket on the winning combination, Frenchman and Volsleet. The double was paid on bettors who chose Frenchman and Stanstill. The latter finished second in the third race.

Long shots predominated in the sixth race to return a one-two bet of $288. My Gentleman scored a surprise victory to return $70.80 for a straight $2 ticket, and Playnot, an 8-to-1 shot, finished a nose behind, paying $8.45.

Calgary Eleven Meets N. Shore This Afternoon

VANCOUVER, July 15 (CP).—Football rivalry between British Columbia and Alberta in Dominion Challenge Cup play will be renewed here tomorrow, when Alberta's champions, Calgary Callies, take the field against the Coast finalists, North Shore United. The game is the first of a best-of-three series for the Far West crown.

Callies, said to be younger and faster than the team that went down to New Westminster Royal here in 1936, will arrive tonight. They will be battling for a victory that would put them nearer the crown Calgary has captured only once—in 1922.

North Shore, though they have years of experience in Dominion championship play, have never won the trophy.

Fifteen Horses To Start Today In $20,000 Race

NEW YORK, July 15 (AP).—Fifteen top-ranking thoroughbreds were named today for the $20,000 added Butler Handicap, featured attraction on Empire City's racing card tomorrow, and Trainer Jim Fitzsimmons seemed to hold the whip hand on his rivals.

The Belair Stud's Fighting Fox and Isolator and Ogden Phipps' Teufel were to be coupled in the betting as the Fitzsimmons entry and "Sunny Jim" hoped one of the trio would turn up as the winner of the mile-and-three-sixteenths test for three-year-olds and up.

If the Fitzsimmons' entry is to be beaten, most turf critics expected W. Ziegler, Jr.'s, six-year-old mare, Esposa, to turn the trick.

SCORE CLOSE WINS OVER JIMMY HINES AND HENRY PICARD

Long-Driving Snead Comes Through With Hard-Earned One-Up Victory Over Hines, and Runyan Eliminates Opponent, 4 and 3—Will Meet Today Over Thirty-Six Holes

SHAWNEE-ON-DELAWARE, Pa., July 15 (AP).—Little Paul Runyan and Slugging Sam Snead today reached the title round of the National P.G.A. championship, and tomorrow will match accuracy and keen putting against power and length in the thirty-six-hole final over the Shawnee Country Club course.

They won by widely divergent routes. Runyan, the 1934 champion, beat Henry Picard of Hershey, 4 and 3, and Snead turned back Jimmy Hines of Great Neck, N.Y., one up.

Runyan won the first hole of the match. Snead, taking a six on the par five seventeenth in the morning to go to lunch one down, came back in the afternoon to wipe out Hines' lead on the nineteenth, go two up at twenty-seven holes, and win the match with an eagle on the same hole that had been so costly four hours earlier.

That eagle, scored on two fine shots to the green, hole high and fifteen feet away, put Sam, playing in the P.G.A. for the second time, one up with one hole to play. Hines might have squared matters on the thirty-sixth, a 234-yard one-shotter, but lost the opportunity when his tee shot, although on the green, stopped thirty feet from the pin.

DEADLY ON GREENS

With Snead only ten feet away, Jimmy knew he had to putt boldly, and did, but his ball went four feet over the hole and Sam, playing it safe, got down in two putts for a half and the match.

Both Sam and Paul were deadly on the greens. Sam had twelve one putters in thirty-six holes and Runyan justified his nickname of "Little Poison" with nine in thirty-three holes. Snead, with a morning 69 and afternoon 68, was seven under par for the day and twenty-three under for the 165 holes he has played in the tournament.

Runyan, with a morning 70 and two under par for the fifteen afternoon holes, was four under standard figures for the day and sixteen for the 167 holes of the tournament.

Before Snead's eagle three on the thirty-fifth, two stymies had about settled matters with Hines. The first came on the twenty-third where Snead, already one up with birdies on the nineteenth and twenty-first, got his third as Hines, trying to jump a stymie, knocked his and Sam's balls in the hole. The second came a hole later. Hines hit Sam's ball this time as both stayed out to give Snead a par four and Hines a bogey five.

There was nothing so definitely decisive as either of those episodes in the Runyan-Picard match. It was largely a case of Runyan playing straight down the middle and going boldly for his putts while Picard, with a fair share of birdies, also did more than his share of scrambling.

The M.P. being anxious to see the procession, and thinking he was well known to the people locally, tapped a burly native on the shoulder, demanding: "Make way, there!"

"Garn, who are yer pushin'?" was the reply.

"Do you know who I am?" inquired the indignant M.P. "I am a representative of the people!"

"Huh," grunted the native, standing unmoved, "but we're the bloomin' people themselves."

Five Canadians Gain Last Stage of King's

Dominion Marksmen Have Chance to Win Blue Ribbon Event at Bisley Rifle Range—England Heads Team in Shoot for Mackinnon Cup

By EDWIN JOHNSON
Canadian Press Staff Writer.

BISLEY CAMP, England, July 15 (CP).—Rain drenched the rifle ranges tonight on the eve of the final for the classic King's Prize and the windup of the fortnight's Empire meeting of the National Rifle Association.

The King's final is at the longest ranges of the meeting, 900 and 1,000 yards, and demand fifteen shots at each distance from the 100 finalists, who include five Canadians. Since final placings are determined by the aggregate scores in the second and third stages, today's second stage winner and silver medalist, twenty-four-year-old Lance-Corporal R. Greig, of the Winchester College P.T.C., goes into the shoot with a lead over all.

TOPS CANADIANS

Highest of the Canadians, Sgt. L. S. Vaines, of Montreal, is only two points behind Greig, scoring 145 out of a possible 150 in the second stage today. Aircraftsman T. W. Gregory, of Ottawa, and Lieut. C. F. Kennedy, of Hilden, N.S., qualified with scores of 142, and the remaining Canadians in the final are Capt. T. E. Hayhurst, of Windsor, with 141 today, and Lieut. G. A. Molecey, of Vancouver, who also scored 141 in the second stage.

Directly after Greig in the hunt for the King's Prize, which carries $1,250 in cash and the N.R.A.'s gold medal, is a quartette with scores of 146, this group including Capt. J. A. Barlow, of the West Yorkshire Regiment, who won the classic in 1934. There are eight marksmen besides Sergeant Vaines with 145's.

Capt. W. Worsick, of Winnipeg, adjutant of the Canadian team, went into a tie-shoot with twenty-seven others for twenty-two places remaining in the "King's hundred," the King's Prize finalists, and lost out. Three other Canadians were eliminated in the second stage proper, Sgt. N. L. Beckett, of Hamilton, with a score of 139; Sgt. Ziola, of Ottawa, 138, and Lieut. F. R. Morwick, of Guelph, 136.

WINS TROPHY

Bisley's second great Imperial team trophy, the Mackinnon Cup, went to the team of twelve representing England, who finished the shoot at the long 900 and 1,000-yard ranges with an aggregate of 1,082 points out of a possible 1,200. Scotland and Rhodesia tied for second at 1,073. The Canadians aggregated 1,050, Wales had 1,029, Ireland 1,018 and India 1,003. The first and senior team trophy, the Rajah of Kolapore's Cup, was taken by the Canadians yesterday.

The junior Mackinnon, otherwise the Barnett Imperial Challenge Cup, for teams of four from the colonies, was won by the Sudan with 347 at the same ranges as the Mackinnon itself. Burma had 340, and Jamaica was third with 338. Hongkong finished with 333, Malay 331, the Gold Coast 326, Nigeria 309 and Ceylon 309.

At the Theatres

ATLAS THEATRE With the whole world now air-minded, Metro-Goldwyn-Mayer presents its first air picture in more than two years, "Test Pilot," which stars Clark Gable, Myrna Loy and Spencer Tracy, with Lionel Barrymore heading the supporting cast. It will end today at the Atlas Theatre.

CAPITOL THEATRE Mickey Rooney and Freddie Bartholomew are co-starred in "Lord Jeff," which is now at the Capitol Theatre. It's the unusual story of the lives of two boys at the Barnardo Homes, famous English institution for the reclamation of youth. Bartholomew is seen as the tool of a pair of crooks, while Rooney plays the chief student petty officer at the training home.

COLUMBIA THEATRE Directed by Folmer Blangsted from an original story by J. Benton Cheney, "The Old Wyoming Trail," which will close today at the Columbia Theatre, is a dramatic story of the days when unscrupulous men tried to grow rich over night by acquiring land by any means necessary to sell to the advancing railroads at huge profit for rights of way.

DOMINION THEATRE The world of the paroled convict is a sterner and more complex world than the world most of us live in, a world where young people may not marry, where their every action is checked and rechecked, where "freedom" is a comparative term. And it is this world that motivates the powerful new Sylvia Sidney-George Raft screen play, "You and Me," at the Dominion Theatre.

OAK BAY THEATRE Marking the fourth time they have been teamed together, the screen's most exciting sweethearts, Tyrone Power and Loretta Young, are co-starred in Twentieth Century-Fox's "Second Honeymoon," which will close today at the Oak Bay Theatre.

PLAZA THEATRE "Life Begins With Love," a romantic comedy, will end its run at the Plaza Theatre tonight. Jean Parker, Douglas Montgomery and little Edith Fellows are featured. Others in the cast include Leona Maricle, Lumsden Hare, Aubrey Mather and James Burke. Thomas Mitchell and Brown Holmes wrote the screen play, from the story by Dorothy Bennett.

SOVIET FILM COMING TO PLAZA ON MONDAY

"Peter the First," the big Soviet film, which will open Monday at the Plaza Theatre, has won the unstinted praise of many American movie directors, actors and producers. Typical of the many Hollywood raves is that of William Dieterle, director of "Emile Zola," who declared, after his recent Soviet tour: "I was shown all pictures of which I had heard, but never had a chance to see any new pictures—among them, 'Peter the First,' which in my humble opinion is one of the finest pictures ever made."

SEABISCUIT IS FAVORITE FOR TODAY'S RACE

Howard's Horse Top Choice To Win $50,000 Event At Inglewood

INGLEWOOD, Cal., July 15 (AP).—Ten candidates, headed by Charles S. Howard's valuable question-mark, Seabiscuit, were named today to race in the mile-and-one-quarter $50,000 Hollywood Gold Cup Handicap tomorrow at Hollywood Park.

Top favored and top weighted at 133 pounds, the Biscuit's name came through the entry box along with Ligaroti, the Argentine-bred hope of Bing Crosby and Lin Howard; A. A. Baroni's three-star special, No Dice, Specify and Star Shadow; Major Austin C. Taylor's Vancouver-owned Whichcee and Indian Broom, and Sahri II, Grey Count and Warfellow.

Crochety Tom Smith, Seabiscuit's trainer, apparently was convinced his charger is in condition for the race, but no one could deny that the stable would gladly trade Seabiscuit's velvety nose for a brand new knee.

Californians have seen Mr. Biscuit beaten out of two $100,000 Santa Anita Handicap purses by that nose, and they know that one of Mr. Biscuit's knees has been bothering him of late.

DEFEAT BAYS BY ODD GOAL

Oaklands Stickhandlers Eke Out 10-9 Box Lacrosse Victory

Manager Bert Buller's efforts to stop the red-sweatered Oaklands stickhandlers just missed last night at the Royal Athletic Park, when his James Bay gutted-stick artists went down to a 10-9 defeat in a thrill-packed box lacrosse battle.

Trailing by two goals going into the final quarter, the blue-sweatered Bays made a game bid for victory, only to finish on the short end of the score. Fast play and close checking, coupled with brilliant work by the two goalies, provided the large gallery with many exciting moments as the well-balanced boxla aggregations fought like Trojans every inch of the way.

Oaklands bagged two markers in the opening quarter before the Bays sagged the netting behind Ackley, guarding the pipes for the winners, and those tallies came in mighty useful. James Bay bagged the odd goal in seven in the second quarter and when the welcomed half-time interval arrived the red-sweatered lads were leading, 5-4.

The eventual winners widened their margin to a pair of markers when they outscored their opponents, 2-1, in the third stanza, but in the fourth and final quarter the Bays came back with four tallies, one more than Oaklands.

BRAY HIGH SCORER

Doug Bray, high-scoring Oaklands star, topped their scoring brigade last night with four tallies, and two of these came in the final session, just when they were needed.

Honors in the James Bay camp were divided by the veteran Joe Mitchell, back in the game after a long lay-off, Melvin Clanton, Bill Plater and Buzz Brown, all of whom snared two goals each.

R. Ditchburn and S. Ross refereed.

Teams and scores follow:

Oaklands — Ackley, C. Chapman (2), R. Wallace, A. Chapman (1), L. Chapman (1), Packford, Milnes, Berry, Price, Williams (1), Alexander (1), Bray (4), and Noel. Total, 10.

James Bay—Gawley, Mitchell (2), Bowcott, Malcolm, Clanton (2), Carney, Doheny, Plater (2), Macdonald (1), Brown (2), Cockin, Ferguson, Langdon and Rowe. Total, 9.

Hon. John Hart Presents Trophy For Ball Series

VICTORIA Baseball Association officials last night announced that the Hon. John Hart, Minister of Finance, has presented a perpetual challenge trophy to be known as the Hon. John Hart International Baseball Cup. The silverware will be played for annually between Port Angeles and Victoria baseball nines, with the first game of the series billed Sunday in the American city. Speaker at Crystal Garden Will Query Nearness of Utopian Era

At the Crystal Garden auditorium, behind the Empress Hotel, Rev. S. B. Orr will speak Sunday night on "Is the Golden Age Near?"

He will answer the following questions:

"What is the urge behind the unemployed and the discontented?" "Is this awareness of political corruption and financial tyranny but a passing phase?"

"Does membership in modern Israel remove the necessity for a spiritual rebirth in the individual?" "Do individual sins matter in these last days?"

The community singing before the service continues to be an inspiring feature of these meetings. Doors open at 6:30 pm.

On Tuesday evening the second anniversary of the Spanish conflict will be featured in a lecture, entitled "After Two Years, What?" The subject will be illustrated by many lantern slides of Spanish scenes. Mr. Orr will answer these questions: "Is the end of the revolution near?" "Can Britain hold Gibraltar?" "Which side does Britain wish to win?" The lecture will be held in the hall at 1406 Douglas Street and is free.

Bureau of Statistics Files Annual Report for Year 1936 With Government

Being a summation of Federal and provincial trade statistics with a British Columbia Government interpretation on the result, the annual trade report of the Provincial Bureau of Economics and Statistics for 1936 was issued yesterday by Hon. W. J. Asselstine, Minister of Mines and Trade, after compilation under the direction of G. M. Perry, director of the bureau. It points to a favorable trade balance of $17,831,547 in 1936, compared with $14,334,032 in 1935.

The work, contained in 258 foolscap pages, is the third in succession from the former economics branch, now known as the Bureau of Economics and Statistics. Tables are given for internal, inter-provincial and external trade, by commodities and also by value. A summary at the beginning of the report discloses the following figures, with reference to the calendar year 1936.

TRADE FOR 1936

Total estimated trade of British Columbia in 1936 was $236,319,250, up $30,428,748. External trade with British Empire countries reached $60,850,696, an increase of $11,502,348. Total trade with foreign countries rose to $74,713,776, up $9,562,797. Trade with other Canadian provinces amounted to $100,754,778, an increase of $9,363,606.

British Columbia, the report continues, had an adverse trade balance with other provinces of $41,317,056, offset by a favorable trade balance of $59,148,602 with external markets, leaving a net favorable balance increased by $3,497,514 to $17,831,546. The United Kingdom and the United States were the chief customers for provincial products, and British Columbia made most of her purchases in Canada.

Voluminous tables supply other data in the work.

Adams' Circuit Drive Decides Tight Ball Game—V.L.A. And Burns Play to Tie

Last Night's Score

Emsco 6, Esquimalt Athletic Club 5.

Poling out a circuit drive in the ninth inning with Catcher "Scotty" Magee on third base by virtue of a triple, Charlie Adams, Emsco fly shagger, last night clouted his teammates to a 6-5 victory over the Esquimalt Athletic Club softballers at Bullen Park.

Stevedores took a four-run lead in the first two frames, only to have their opponents push across a pair of tallies in the third and fourth innings to knot the score at 4-4. Esquimalt moved in front for the first and only time when they sent a lone runner around the paths in the fifth.

With two men down and Magee on third, Adams came to bat and hit to the outer gardens, sending his clubmate scampering over the home plate in front of him.

ANOTHER TIE

V.L.A. and Burns & Co., "A" section nines, met at Victoria West Park for the express purpose of replaying a tie game, but finished up in another stalemate after ten fast innings, 8-8.

Jck Okell's trusty willow kept the butcher boys in the ball game in the last of the ninth. With two men out and two on the sacks, Okell laced out a hot drive over Outfielder McKeachie's head, and three runs, enough to tie up the score at 8-8, crossed the plate.

In the extra inning, seven men went to bat, and the game was called for darkness with the score unchanged.

STOLEN GOODS CASE IN COURT

Joseph Carlow Tells Court Of Selling Cigarettes to Orville Bond

A remand until July 22 was granted Orville Bond when he appeared in the city police court yesterday in answer to a charge that he did unlawfully recieve a quantity of cigarettes and tobacco under the value of $25, knowing the same to have been stolen.

Through his defence counsel, Jack Ruttan, Bond pleaded not guilty to the charge on Tuesday.

Joseph Carlow, called to the stand by Claude L. Harrison, city prosecutor, testified that he escaped from the Boys' Industrial School and returned to Victoria on February 12. That same night he broke into a store on Estevan Avenue and stole a quantity of cigarettes, tobacco and chocolate bars.

SELLS CIGARETTES

He contacted Bond on February 13 and offered him $20 worth of cigarettes. Bond asked if the cigarettes had been stolen, and he admitted they had. Carlow told the court. He delivered the cigarettes to Bond's hotel room and received $12.50.

Carlow stated James Hicks, now serving a term at Oakalla, heard the conversation with Bond when Carlow admitted stealing the cigarettes. Mr. Harrison announced Hicks would be brought here to testify.

Sergeant L. G. Clayards, Oak Bay police, described the theft of cigarettes and chocolate bars from the store of Stanley Watson at 2359 Estevan Avenue.

CHANGES MADE IN DEPARTMENT

Operating Superintendent of C.P.R., Regina, Announces Promotions

WINNIPEG, July 15—Changes in the operating department of the Canadian Pacific Railway, consequent upon the retirement on pension of W. M. "Bill" Ansley, as assistant superintendent for the company at Regina, bring E. J. Worth, assistant superintendent at Wynyard, to Regina as Mr. Ansley's successor.

J. C. Jones, roadmaster at Regina, is promoted to the position of assistant superintendent at Wynyard; T. Roulston, roadmaster at Regina, goes to Wynyard and A. Eremko, section foreman at Yorkton, is appointed roadmaster at Regina.

Mr. Ansley, who has been a railroader for forty-four years, is known and esteemed throughout Western Canada and was retired with regrets and a gift of a gold watch and $500 cash from his fellow officers and employees.

These appointments, announced by William Manson, superintendent at Regina, are now in effect.

LOGGER LOSES FINGERS

William Munson, employee of the Malahat Logging Company, Port Renfrew, was admitted to St. Joseph's Hospital yesterday to receive treatment, following amputation of two fingers on his left hand in a mill accident.

"I suppose, Uncle Jim, you remember a good deal about the politics of the early days?"

"Well, I never tuk much int'rest in pollytics, but I kin recollect when John C. Fremont was 'lected president."

"Fremont! Why, Fremont was never elected."

"He wun't? Well, now, thet gits me. I heerd a leadin' speaker talk the night 'fore 'lection, an' he said if John C. Fremont wun't 'lected the country would fall to ruin an' everybody would have to shut up shop. Course I didn't take the papers; but noticing thet things went on 'bout same as before, I cal-lated John won."

A man stood on the street corner playing an accordion. When he had played one refrain, a little urchin went up to him and said: "What was that tune, mister?"

"That, my boy, was 'The Death of Nelson'," answered the player.

Urchin: "What a 'orrible death."

SOLUTION IN NEAR FUTURE

Maritime Commission Hopes To Resume Seattle-Orient Service Shortly

WASHINGTON, July 15 (AP).—The United States Maritime Commission, Chairman Emory S. Land said today, hopes to resume service "in the near future" on the Pacific Northwest-Orient trade route.

Land wrote officials of the Seattle Chamber of Commerce that he believes operation of a Government-owned service over the route "affords the only reasonable prospect in the near future for a solution of this difficult problem."

No Government-owned vessels are available now, Land stated, but "we hope to obtain suitable replacement vessels within the near future, and as soon as such vessels are acquired, they will be allotted to the North-west-Orient service."

The commission announced recently a construction programme of four cargo vessels with limited passenger accommodations for the Northwest-Orient route.

EXPEDITE PROGRAMME

"This programme will be expedited in order to afford service over the Seattle-Orient trade route as soon as possible with vessels that are specially designed and equipped for the needs of that trade," Land declared.

"The commission is in sympathy with your efforts to maintain a service over this trade route through an efficiently-operated company, strongly financed with local capital."

The American Mail Line discontinued operations over the route in June when its temporary subsidy expired.

The company did not seek renewal of the subsidy because it regarded operation of the line as economically unsound with available Government aid.

Land said "investigations and explanatory conferences" indicated there was little hope at present the Seattle-Orient route would be maintained by privately-owned vessels.

REACHED RELUCTANTLY

"This conclusion was reached with reluctance," Land continued, "only after a careful investigation and elimination of six or seven alternate possibilities. Without going into the details of each case, it may be stated that for financial and other considerations, none of the alternatives seems to offer a solution satisfactory both to your interests and to the commission."

START RACE TO NANAIMO

First Cruisers Leave Bremerton After 4 P.M.—Will Finish This Afternoon

BREMERTON, Wash., July 15 (AP).—The eleventh annual international cruiser race got under way here tonight, with the first boat leaving the Bremerton starting point at 4.44 p.m. The finish will be at Nanaimo, B.C., tomorrow.

First away was Albert Hale's Bunnie, from the Tacoma Yacht Club. It was followed by the Picaroon, owned by Paul Briggs, also of the Tacoma Yacht Club.

Approximately sixty entries were expected, but only nineteen boats had appeared at 6 p.m. Officials estimated the last cruisers would not leave until late tonight or early tomorrow.

Rear-Admiral E. B. Fenner, of Puget Sound Navy Yard, aboard the United States cutter Atlanta, spoke briefly at a starting ceremony.

The race had a predetermined finish time of 4 p.m. tomorrow. The power skippers will cruise against their own determined log for the 145 to 150-mile course, and clockers on each boat will check arrival time at each of several control points. Engine speeds will remain constant for the entire distance, except for variations permitted in case of hazards.

VANCOUVER SHIPPING

VANCOUVER, July 15 (CP).—The fish packer Steveston II, which struck a rock near Klemtu last Monday, has been towed to Ocean Falls, B.C., for repairs. It will take about two weeks to repair damage to the stem, planking, and port side ribs of the craft.

Canadian National steamship Prince Robert will sail for Skagway tonight with a capacity list of over 300 passengers, including a party of twenty Ohio travel agents who arrived here from Jasper today.

Two extra ships will enter Royal Mail Lines' Fall service, the steamship Narenta and steamship Nela. The former, replacing the motorship Lochgoil, is due here late in July, and will continue service after the Lochgoil is repaired.

No halibut sales were recorded on Vancouver Fish Exchange today.

"DEFROSTED" SKUNKS DEAR LITTLE PETS

TORONTO, July 15 (CP).—Ken Clapp, Toronto sportsman and pet specialist, said today two skunks he had had "defrosted" yesterday were "doing fine." "Defrosting," he said, "consisted of removing the glands which cause the skunk's unpleasant odor."

He advocated deodorized skunks as pets. "They follow you around like puppies," he said.

Indian Bureau's Freighter Will Be Away From Seattle For Four Months

WASHINGTON, July 15 (AP).—The North Star, the Indian Bureau's freighter, will steam out of Seattle August 1, on its last trip until next Spring, carrying food, clothing and supplies for the Government's Indian and Eskimo wards in Alaska.

Unless ice floes prevent, the ship will reach Point Barrow in September, unload its cargo, pick up reindeer carcasses and deliver them to other Alaskan towns on the way back. About four months will be required for the round-trip.

Several teachers, medical supply workers and other bureau employees will sail to take jobs in the Arctic.
